Mr. Alan Clark
Director of Transportation Planning
Houston-Galveston Area Council
P.O. Box 22777
Houston, TX 77027

Mr. Alan Clark:

As a property owner in the Upper Kirby District, I would like to express my support for the two projects submitted by the Upper Kirby Management District for the FY 2013 – 2016 TIP call-for-projects at the Houston-Galveston Area Council. Both projects, Eastside and Westheimer, will facilitate multilmodal transportation options within one of the region's most vital and active neighborhoods. As the Upper Kirby area continues to become more densley populated and redeveloped, the provision of transit connectivity and pedestrian accessibility take on an increased focus for both current residents/lessees and future developments. This is very important for Lamar High School, St. John's School and the Churches along Westheimer.

The greater Houston region has enjoyed substantial growth in recent past; and we must continue to invest in smart and forward-looking mobility infrastructure for our region's residents and visitors. The Eastside and Westheimer projects meet the needs of dynamic stakeholders in the Upper Kirby. Thank you for your consideration in this matter.

Sincerely:

Charles N. Pendergraft

Houston, TX 77027

Mr. Alan Clark:

I am a property owner in the Upper Kirby District and under the public comment period for the FY 2013 – 2016 TIP call-for-projects at the Houston-Galveston Area Council, I would like to offer my support for the two important projects proposed by the Upper Kirby Management District. As the area continues to experience high-density and mixed-use development the need for safe, attractive and functional pedestrian connections is greater than ever.

With the tremendous growth the Houston region has seen of late, we must continue to invest in smart roadway construction that allows for multimodal transportation. The Westheimer and Eastside projects will satisfy the needs of a dense and growing population in the Upper Kirby area and will hopefully set a precedent for pedestrian standards on similar thoroughfares throughout the Houston region.

Thank you for your consideration.

Josh Landry
Area Vice President of Investments

Dear Alan:

As a significant property owner in the Upper Kirby District, I would like to express my support for the two projects submitted by the Upper Kirby Management District for the FY 2013 – 2016 TIP call-for-projects at the Houston-Galveston Area Council. Both projects, Eastside and Westheimer, will facilitate multimodal transportation options within one of the region's most vital and active neighborhoods.

As the Upper Kirby area continues to redevelop, the provision of transit connectivity and pedestrian accessibility take on an increased focus for both current residents/lessees and future developments.

The greater Houston region has enjoyed substantial growth in recent past; and we must continue to invest in smart and forward-looking mobility infrastructure for our region's residents and visitors. The Eastside and Westheimer projects meet the needs of dynamic stakeholders in the Upper Kirby.

Thank you for your consideration in this matter.

Sincerely,

Lias J. Steen

Mr. Alan Clark:

As a stakeholder in the Upper Kirby District with property located on Richmond at Eastside, I would like to express my support for the two projects submitted by the Upper Kirby Management District for the FY 2013 – 2016 TIP call-for-projects at the Houston-Galveston Area Council. Both projects, Eastside and Westheimer, will facilitate multimodal transportation options within one of the region's most vital and active neighborhoods. As the Upper Kirby area continues to densify and redevelop, the provision of transit connectivity and pedestrian accessibility take on an increased focus for both current residents/lessees and future developments.

The greater Houston region has enjoyed substantial growth in recent past; and we must continue to invest in smart and forward-looking mobility infrastructure for our region's residents and visitors. The Eastside and Westheimer projects meet the needs of dynamic stakeholders in the Upper Kirby.

Thank you for your consideration in this matter.

COUNCIL MEMBER OLIVER PENNINGTON DISTRICT G

April 4, 2013

Mr. Alan Clark
Director of Transportation Planning
Houston-Galveston Area Council
P.O. Box 22777
Houston, TX 77227-2777

Dear Mr. Clark:

As the Houston City District Council Member who represents a portion of the Upper Kirby Management District, I would like to express my support for the two projects submitted by the Upper Kirby Management District for the FY 2013 – 2016 TIP call-for-projects at the Houston-Galveston Area Council. Both projects, Eastside and Westheimer, will facilitate multimodal transportation options within one of the region's most vital and active neighborhoods. As the Upper Kirby area continues to densify and redevelop, the provision of transit connectivity and pedestrian accessibility take on an increased focus for residents, businesses and future developments.

The greater Houston region has enjoyed substantial growth in recent past, and we must continue to invest in smart and forward-looking mobility infrastructure for our region's residents and visitors. The Eastside and Westheimer projects meet the needs of dynamic stakeholders in the Upper Kirby. I am confident that UKMD will make optimum use of funding received through the FY 2013-2016 TIP process.

If you should have any questions, I urge you to contact Travis Younkin at the Upper Kirby Management District at travis@upperkirby.org.

Thank you for your consideration of this important matter.

Sincerely,

A handwritten signature in cursive script that reads "Oliver Pennington".
