Texas Commission on Environmental Quality

Protecting Texas by Reducing and Preventing Pollution

July 18, 2017

THE HONORABLE ED EMMETT
HARRIS COUNTY JUDGE
1001 PRESTON ST STE 911
HOUSTON TX 77002

Re: Small Business Stationary Source Registration under an Air Quality Standard Permit for Concrete Batch Plants

Concrete Batch Plant

Dear Judge Emmett:

Pursuant to the requirements of Section 382.0516 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, this letter is to notify you of the recent receipt of an application for an air quality standard permit registration for a concrete batch plant which is located in your county. The status of all pending air quality applications may be viewed by visiting our agency Web site at www2.tceq.texas.gov/airperm/index.cfm.

LS Ready Mix, LLC, 15102 T C Jester Blvd, Houston, Texas 77068-2042, has applied to construct a Concrete Batch Plant located at 9756 Veterans Memorial Drive, Houston, Harris County, Texas 77038. The following link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For the exact location, refer to the application.

If you need further information or have any questions, please call Ms. Bonnie Evridge at: (512) 239-5222 or write her at the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

Johnny D. Bowers, Team Leader
Air Permits Initial Review Team
Air Permits Division

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

AIR QUALITY PERMIT NUMBER 19806

APPLICATION TPC Group LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for an amendment to Air Quality Permit Number 19806, which would authorize modification to the Houston Plant located at 8600 Park Place Boulevard, Houston, Harris County, Texas 77017. This application is being processed in an expedited manner, as allowed by the commission’s rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.
http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.69667&lng=-95.255&zoom=13&type=r. The amendment will authorize an increase in emissions of the following air contaminants: ammonia, carbon monoxide, nitrogen oxides, organic compounds, and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on July 13, 2017. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Park Place Regional Library, 8145 Park Place Boulevard, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments, a request for a public meeting, or request a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 30 days after newspaper notice is published.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the application, the response to comments, along with notice of the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

The executive director will complete the technical review, issue a preliminary decision on the application, and a Notice of Application and Preliminary Decision will be published and mailed to those who are on the mailing list for this application. That notice will contain the final deadline for submitting public comments. If a hearing request is timely filed in Response to this Notice of Receipt of Application and Intent to Obtain Air Permit, the time period for requesting a contested case hearing will be extended to thirty days after the mailing of the executive director's response to comments.

After the final deadline for public comments following the Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or is on a mailing list for this application.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decisions on the application.
Further, the Commission will only grant a hearing on issues submitted by you or others during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and permit number; (3) the statement “[I/we] request a contested case hearing”; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from TPC Group LLC, 8600 Park Place Boulevard, Houston, Texas 77017-2513 or by calling Ms. Rebecca Jaschek, Corporate Environmental Manager at (713) 475-7422.

Notice Issuance Date: July 25, 2017
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

PROPOSED AIR QUALITY PERMIT NUMBER 147557

APPLICATION  Schutz Container Systems, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Air Quality Permit Number 147557, which would authorize construction of a Steel Drum Manufacturing Plant located at 4720 Underwood Road, Pasadena, Harris County, Texas 77507. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/mb610/index.html?iaid=29.64492&lng=-95.066761&zoom=13&type=r  The facility will emit the following contaminants: carbon monoxide, exempt solvents, hazardous air pollutants, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on July 10, 2017. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Pasadena Public Library-Fairmont Branch, 4330 Fairmont Parkway, Pasadena, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING  You may submit public comments, a request for a public meeting, or request a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 30 days after newspaper notice is published.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the application, the response to comments, along with notice of the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

The executive director will complete the technical review, issue a preliminary decision on the application, and a Notice of Application and Preliminary Decision will be published and mailed to those who are on the mailing list for this application. That notice will contain the final deadline for submitting public comments. If a hearing request is timely filed in Response to this Notice of Receipt of Application and Intent to Obtain Air Permit, the time period for requesting a contested case hearing will be extended to thirty days after the mailing of the executive director's response to comments.

After the final deadline for public comments following the Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or is on a mailing list for this application.

OPPORTUNITY FOR A CONTESTED CASE HEARING  You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decisions on the application. Further, the Commission will only grant a hearing on issues submitted by you or others during the public comment period and not withdrawn.
A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Schutz Container Systems, Inc., 4720 Underwood Road, Pasadena, Texas 77507-1141 or by calling Mr. Dylan Hogue, Plant Manager at (832) 776-1620.

Notice Issuance Date: July 25, 2017
EXAMPLE A

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN
AIR PERMIT RENEWAL

PERMIT NUMBER 8419, 33000 AND 34028

APPLICATION Akzo Nobel Chemicals LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Numbers 8419, 33000 and 34028, which would authorize continued operation of the TEAL Production, Unit 12 Metal Alkyls Production, and the Azteken Production Unit at the Battleground site located at 730 Independence Parkway South, La Porte, Harris County, Texas 77571. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.711388&lng=-95.09&zoom=13&type=r. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, nitrogen oxides, sulfur dioxide, organic compounds, and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The applications were submitted to the TCEQ on July 17, 2017. The applications will be available for viewing and copying at the TCEQ central office, and the TCEQ Houston regional office, 5425 Polk Street, Suite H, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: amendments. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ’s jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director’s decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission’s decision on the
A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Akzo Nobel Chemicals LLC, 730 Independence Parkway South, La Porte, Texas 77571-9824 or by calling Mr. Quinn Alexander, Akzo Noble Functional Chemicals LLC, at (817) 281-9211.

Notice Issuance Date: July 27, 2017
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

STATE AIR QUALITY PERMIT NUMBER 101199 AND
NONATTAINMENT PERMIT NUMBER N158M1

APPLICATION  Kinder Morgan Crude & Condensate LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for an amendment to State Air Quality Permit Number 101199 and modification to Nonattainment Air Quality Permit Number N158M1, which would authorize modification to the Galena Park Terminal located at 407 Clinton Drive, Galena Park, Harris County, Texas 77547. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.725&lng=-95.24583&zoom=13&type=r. The facility will emit the following air contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on July 24, 2017. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Harris County Public Library – Galena Park Branch, 1500 Keene Street, Galena Park, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING  You may submit public comments, a request for a public meeting or, request a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

OPPORTUNITY FOR A CONTESTED CASE HEARING  You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would
be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect, must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

Additional notice will be provided. If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside the Commission’s jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-587-4040. Si desea información en Español, puede llamar al 1-800-587-4040.

Further information may also be obtained from Kinder Morgan Crude & Condensate LLC, 1001 Louisiana Street, Suite 1000, Houston, Texas 77002-5089 or by calling Mr. J. Cliff McCowan, SME Air Program, at (336) 547-3672.

Notice Issuance Date: July 27, 2017
THE HONORABLE ED EMMETT
HARRIS COUNTY JUDGE
1001 PRESTON STE 911
HOUSTON TX  77002

Re:  Small Business Stationary Source Registration under an Air Quality Standard Permit for Concrete Batch Plants

Dear Judge Emmett:

Pursuant to the requirements of Section 382.0516 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, this letter is to notify you of the recent receipt of an application for a small business stationary source air quality standard permit registration for a concrete batch plant which is located in your county. As part of the air permitting process, this applicant will be required to publish a formal public notice in a newspaper of general circulation in the municipality which the plant is located or is proposed to be located or in the municipality nearest to the location or proposed location of the plant. The notice will inform the public of their right to ask questions, make comments, request a contested case, or request a public meeting. This letter is being sent to you for information only and no action is required. The status of all pending air quality applications may be viewed by visiting our agency Web site at www.tceq.texas.gov/airperm.

Solid Rock Ready Mix Incorporated, 5515 Breen Drive, Houston, Texas 77086-4042, has applied to construct two permanent concrete batch plants located at 19234 Becker Road, Hockley, Harris County, Texas. The Air Quality Registration Number is 147343.

If you need further information or have any questions, please call Mr. Donald D. Nelson at (512) 239-0894 or write him at the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

Beryl Thatcher

Beryl Thatcher, Manager
Mechanical/Coolings New Source Review Permits Section
Air Permits Division
EXAMPLE A

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Consolidated Notice of Receipt of Application and Intent to Obtain Permit and Notice of Application and Preliminary Decision

Air Quality Standard Permit for Concrete Batch Plants Proposed Registration No. 147343

Application. Solid Rock Ready Mix Incorporated, has applied to the Texas Commission on Environmental Quality (TCEQ) for an Air Quality Standard Permit, Registration No. 147343, which would authorize construction of two permanent concrete batch plants located at 19234 Becker Road, Hockley, Harris County, Texas 77447. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.

http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=30.05556&lng=-95.79694&zoom=13&type=r. The proposed facility will emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on June 23, 2017. The executive director has completed the administrative and technical reviews of the application and determined that the application meets all of the requirements of a standard permit authorized by 30 TAC § 116.611, which would establish the conditions under which the plant must operate. The executive director has made a preliminary decision to issue the registration because it meets all applicable rules. The application, executive director’s preliminary decision, and standard permit will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Lone Star College – Tomball Community Library, 30555 Tomball Parkway, Tomball, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk St Ste H, Houston, Texas. Visit www.tceq.texas.gov/goto/cbp to review the standard permit.

Public Comment/Public Meeting. You may submit public comments or request a public meeting. See Contacts section. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments or meeting requests is 30 days after newspaper notice is published. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ’s jurisdiction to consider in the permit process.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. If a public meeting is held, the deadline to submit public comments is extended to the end of the public meeting.

Contested Case Hearing. You may request a contested case hearing. The applicant or the executive director may request that the application be directly referred to a contested case hearing after technical review of the application. The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. A contested case hearing is a legal proceeding similar to a civil trial in state district court. If no hearing request is received within this 30-day period, no further opportunity for hearing will be provided, and the executive director may approve the application. If a hearing request is received within the 30-day period, then the time period for requesting a contested case hearing will be extended to 30 days after the mailing of the executive director’s response to comments.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. To request a hearing, a person must actually reside in a permanent residence within 440 yards of the proposed plant. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and registration number; (3) the statement “[I/we] request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the
group or association seeks to protect must be identified. You may submit your proposed adjustments to the application which would satisfy your concerns. See Contacts section.

TCEQ Action. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The executive director’s decision on the application, and any response to comments, will be mailed to all persons on the mailing list. If no timely contested case hearing requests are received, or if all hearing requests are withdrawn, the executive director may issue final approval of the application. If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

Mailing List. You may ask to be placed on a mailing list to receive additional information on this specific application. See Contacts section.

Information Available Online. For details about the status of the application, visit the Commissioners’ Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the link, enter the registration number at the top of this notice.

Contacts. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this application or the permitting process, please call the TCEQ Public Education Program toll free at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Solid Rock Ready Mix Incorporated, 5515 Breen Drive, Houston, Texas 77086-4042 or by calling Mr. Venkata Godasi, Graduate Engineer, AARC Environmental, Inc. at (713) 974-2272.

Notice Issuance Date: July 27, 2017
Texas Commission on Environmental Quality

Notice of Draft Federal Operating Permit

Draft Permit No.: 01291

Application and Draft Permit. Custom Blast Services, Inc., PO Box 880426, Houston, TX 77289-0426, has applied to the Texas Commission on Environmental Quality (TCEQ) for a renewal and revision of Federal Operating Permit (herein referred to as Permit) No. 01291, Application No. 25390, to authorize operation of the Custom Blast Services, a Special Trade Contractors facility. The area addressed by the application is located at 2550 Genoa Red Bluff Rd in Houston, Harris County, Texas 77034-4120. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to the application. You can find an electronic map of the facility at: http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.62917&lng=-95.15694&zoom=13&type=r. This application was received by the TCEQ on October 14, 2016.

The purpose of a federal operating permit is to improve overall compliance with the rules governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The draft permit, if approved, will codify the conditions under which the area must operate. The permit will not authorize new construction. The executive director has completed the technical review of the application and has made a preliminary decision to prepare a draft permit for public comment and review. The executive director recommends issuance of this draft permit. The permit application, statement of basis, and draft permit will be available for viewing and copying at the TCEQ Central Office, 12100 Park 35 Circle, Building E, First Floor, Austin, Texas 78753; the TCEQ Houston Regional Office, 5425 Polk Street, Suite H, Houston, Texas 77023-1452; and the Bracewell Neighborhood Library, 9002 Kingspoint Road, Houston, Texas 77075-5170, beginning the first day of publication of this notice. The draft permit and statement of basis are available at the TCEQ Website:

www.tceq.texas.gov/goto/tvnnotice

At the TCEQ central and regional offices, relevant supporting materials for the draft permit, as well as the New Source Review permits which have been incorporated by reference, may be reviewed and copied. Any person with difficulties obtaining these materials due to travel constraints may contact the TCEQ central office file room at (512) 239-1540.

Public Comment/Notice and Comment Hearing. Any person may submit written comments on the draft permit. Comments relating to the accuracy, completeness, and appropriateness of the permit conditions may result in changes to the draft permit.

A person who may be affected by the emission of air pollutants from the permitted area may request a notice and comment hearing. The purpose of the notice and comment hearing is to provide an additional opportunity to submit comments on the draft permit. The permit may be changed based on comments pertaining to whether the permit provides for compliance with 30 TAC Chapter 122 (examples may include that the permit does not contain all applicable requirements or the public notice procedures were not satisfied). The TCEQ may grant a notice and comment hearing on the application if a written hearing request is received within 30 days after publication of the newspaper notice. The hearing request must include the basis for the request, including a description of how the person may be affected by the emission of air pollutants from the application area. The request should also specify the conditions of the draft permit that are inappropriate or specify how the preliminary decision to issue or deny the permit is inappropriate. All reasonably ascertainable issues must be raised and all reasonably available arguments must be submitted by the end of the public comment period. If a notice and comment hearing is granted, all individuals that submitted written comments or a hearing request will receive written notice of the hearing. This notice will identify the date, time, and location for the hearing.

Written public comments and/or requests for a notice and comment hearing should be submitted to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087, or electronically at www.tceq.texas.gov/about/comments.html and be received within 30 days after the date of newspaper publication of this notice. Any personal
information you submit to the TCEQ will become part of the agency's record; this includes email addresses.

A notice of proposed final action that includes a response to comments and identification of any changes to the draft permit will be mailed to everyone who submitted public comments, a hearing request, or requested to be on the mailing list for this application. This mailing will also provide instructions for public petitions to the U.S. Environmental Protection Agency (EPA) to request that the EPA object to the issuance of the proposed permit. After receiving a petition, the EPA may only object to the issuance of a permit which is not in compliance with the applicable requirements or the requirements of 30 TAC Chapter 122.

Mailing List. In addition to submitting public comments, a person may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address above. Those on the mailing list will receive copies of future public notices (if any) mailed by the Chief Clerk for this application.

Information. For additional information about this permit application or the permitting process, please contact the Texas Commission on Environmental Quality, Public Education Program, MC-108, P.O. Box 13087, Austin, Texas 78711-3087 or toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained for Custom Blast Services, Inc. by calling Mr. Billy Wolcott at (409) 331-9175.

Notice Issuance Date: July 28, 2017

AMENDED NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT RENEWAL

PERMIT NUMBER 56469

APPLICATION  Magellan Terminals Holdings, L.P., has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 56469, which would authorize continued operation of the Bulk Liquids Storage Terminal located at 12901 American Petroleum Road, Galena Park, Harris County, Texas 77547. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.

http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.74278&lng=-95.19417&zoom=13&type=r. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on December 22, 2014. The application will be available for viewing and copying at the TCEQ central office, and the TCEQ Houston regional office, 5425 Polk Street, Suite H, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations, amendments, permits by rule, and changes in emission factors. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040.

The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT  You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ’s jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director’s decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING  You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant’s compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission’s decision on the
A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and permit number; (3) the statement “[I/we] request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be impacted by the facility. If the request is made by a group or association, one or more members who have standing to request a hearing and the interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes e-mail addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Magellan Terminals Holdings, L.P., P.O. Box 22186, Tulsa, Oklahoma 74121-2186 or by calling Mr. Jason Weintraub, Air Quality Specialist at (918) 574-7717.

Amended Notice Issuance Date: July 28, 2017
EXAMPLE A

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN
AIR PERMIT RENEWAL

PERMIT NUMBER 1862A

APPLICATION ALTIVIA Specialty Chemicals, LLC has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 1862A, which would authorize continued operation of the ALTIVIA Chemical Complex located at 1901 Avenue H and South 16th Street, La Porte, Harris County, Texas 77571. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.6556&lng=-94.0376&zoom=13&type=r. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, hazardous air pollutants, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, and sulfur dioxide.

This application was submitted to the TCEQ on July 19, 2017. The application will be available for viewing and copying at the TCEQ central office and the TCEQ Houston regional office, 5425 Polk Street, Suite H, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations and amendments. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.058(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the
hearing request is based on disputed issues of fact that are relevant and material to the Commission’s decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement “[w]e request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCYContacts AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Further information may also be obtained from ALTIVIA Specialty Chemicals, LLC, 1901 Avenue H and South 16th Street, La Porte, Texas 77571 or by calling Mr. Ralph G. Chaiet, Witt O'Brien's at (713) 283-7921.

Notice Issuance Date: July 28, 2017
EXAMPLE A

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

Consolidated Notice of Receipt of Application and Intent to Obtain Permit and Notice of Application and Preliminary Decision

Air Quality Standard Permit for Concrete Batch Plants Proposed Registration No. 147696

Application. LS Ready Mix, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for an Air Quality Standard Permit, Registration No. 147696, which would authorize construction of a permanent concrete batch plant located at 9756 Veterans Memorial Drive, Houston, Harris County, Texas 77038. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.90694&long=-95.43472&zoom=13&type=r. The proposed facility will emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on July 17, 2017. The executive director has completed the administrative and technical reviews of the application and determined that the application meets all of the requirements of a standard permit authorized by 30 TAC § 116.611, which would establish the conditions under which the plant must operate. The executive director has made a preliminary decision to issue the registration because it meets all applicable rules. The application, executive director’s preliminary decision, and standard permit will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Harris County Justice of the Peace (Mickey Leland Courthouse) 7300 North Shepherd Drive, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk St Ste H, Houston, Texas. Visit www.tceq.texas.gov/goto/cbp to review the standard permit.

Public Comment/Public Meeting. You may submit public comments or request a public meeting. See Contacts section. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments or meeting requests is 30 days after newspaper notice is published. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ’s jurisdiction to consider in the permit process.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. If a public meeting is held, the deadline to submit public comments is extended to the end of the public meeting.

Contested Case Hearing. You may request a contested case hearing. The applicant or the executive director may request that the application be directly referred to a contested case hearing after technical review of the application. The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. A contested case hearing is a legal proceeding similar to a civil trial in state district court. If no hearing request is received within this 30-day period, no further opportunity for hearing will be provided, and the executive director may approve the application. If a hearing request is received within the 30-day period, then the time period for requesting a contested case hearing will be extended to 30 days after the mailing of the executive director’s response to comments.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. To request a hearing, a person must actually reside in a permanent residence within 440 yards of the proposed plant. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and registration number; (3) the statement “[I/we] request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must be identified. You may submit your proposed adjustments to the application which would satisfy your concerns. See Contacts section.
TCEQ Action. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The executive director's decision on the application, and any response to comments, will be mailed to all persons on the mailing list. If no timely contested case hearing requests are received, or if all hearing requests are withdrawn, the executive director may issue final approval of the application. If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

Mailing List. You may ask to be placed on a mailing list to receive additional information on this specific application. See Contacts section.

Information Available Online. For details about the status of the application, visit the Commissioners' Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the link, enter the registration number at the top of this notice.

Contacts. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this application or the permitting process, please call the TCEQ Public Education Program toll free at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from LS Ready Mix, LLC, 15102 T C Jester Boulevard, Houston, Texas 77088-2042 or by calling Mr. Taha Ahmed, P.E., Managing Partner at (832) 704-0486.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY
Consolidated Notice of Receipt of Application and Intent to Obtain Permit and Notice of Application and Preliminary Decision

Air Quality Standard Permit for Concrete Batch Plants Proposed Registration No.: 147651

Application. Baycrete, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for an Air Quality Standard Permit, Registration No. 147651, which would authorize construction of a permanent concrete batch plant located at 4318 North Highway 146, Baytown, Harris County, Texas 77520. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb810/index.html?lat=29.76222&lng=-94.92056&zoom=13&type=r. The proposed facility will emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on July 12, 2017. The executive director has completed the administrative and technical reviews of the application and determined that the application meets all of the requirements of a standard permit authorized by 30 TAC § 116.611, which would establish the conditions under which the plant must operate. The executive director has made a preliminary decision to issue the registration because it meets all applicable rules. The executive director's preliminary decision, and standard permit will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Sterling Municipal Library, Baytown Public Library, 1 May Elizabeth Wilbanks Avenue, Baytown, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any, is available for public review at the TCEQ Houston Regional Office, 5425 Polk St Ste H, Houston, Texas. Visit www.tceq.texas.gov/goto/cbp to review the standard permit.

Public Comment/Public Meeting. You may submit public comments or request a public meeting. See Contacts section. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments or meeting requests is 30 days after newspaper notice is published. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to consider in the permit process.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. If a public meeting is held, the deadline to submit public comments is extended to the end of the public meeting.

Contested Case Hearing. You may request a contested case hearing. The applicant or the executive director may request that the application be directly referred to a contested case hearing after technical review of the application. The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. A contested case hearing is a legal proceeding similar to a civil trial in state district court. If no hearing request is received within this 30-day period, no further opportunity for hearing will be provided, and the executive director may approve the application. If a hearing request is received within the 30-day period, then the time period for requesting a contested case hearing will be extended to 30 days after the mailing of the executive director's response to comments.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. To request a hearing, a person must actually reside in a permanent residence within 440 yards of the proposed plant. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and registration number; (3) the statement “[/we] request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must be identified. You may submit your proposed adjustments to the application which would satisfy your concerns. See Contacts section.
TCEQ Action. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The executive director’s decision on the application, and any response to comments, will be mailed to all persons on the mailing list. If no timely contested case hearing requests are received, or if all hearing requests are withdrawn, the executive director may issue final approval of the application. If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

Mailing List. You may ask to be placed on a mailing list to receive additional information on this specific application. See Contacts section.

Information Available Online. For details about the status of the application, visit the Commissioners’ Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the link, enter the registration number at the top of this notice.

Contacts. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this application or the permitting process, please call the TCEQ Public Education Program toll free at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Baycrete, Inc., 6319 Sjolander Road, Baytown, Texas 77521-9367 or by calling Mr. Todd Vlasak, Consultant, Amistad Group LLC at (713) 783-0813.

Notice Issuance Date: August 9, 2017
APPLICATION REICHHOLD LLC 2, has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 77738, which would authorize continued operation of a Polyester and Coating Resins Manufacturing Facility located at 1503 Haden Road, Houston, Harris County, Texas 77015. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.76935&lng=-95.17881&zoom=13&type=r. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, hazardous air pollutants, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, and sulfur dioxide.

This application was submitted to the TCEQ on August 2, 2017. The application will be available for viewing and copying at the TCEQ central office, TCEQ Houston regional office, and the Harris County Public Library — North Channel Branch, 15741 Wallisville Road, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: amendments and permits by rule. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing, to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant's compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.
A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from REICHHOLD LLC 2, 1503 Haden Road, Houston, Texas 77015-6455 or by calling Mr. Elliot Townsend, Kj Environmental Management, Inc., at (940) 387-0805.

Notice Issuance Date: August 9, 2017
TExAS COMMISSION ON ENVIRONMENTAL QUALITY

EXAMPLE A

NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR AN AIR QUALITY PERMIT

PROPOSED PERMIT NUMBER: 144943

APPLICATION AND PRELIMINARY DECISION. Texas Lehigh Cement Company LP, PO Box 610, Buda, Texas 78610-0610, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 144943, which would authorize construction of a Cementitious Products Processing Facility located at 15902 Peninsula St, Houston, Harris County, Texas 77015. This application was processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This application was submitted to the TCEQ on January 20, 2017. The proposed facility will emit the following contaminants: carbon monoxide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, lead, hazardous air pollutants, and sulfur dioxide.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and at the Harris County Public Library - Jacinto City Branch, 921 Akron Street, Jacinto City, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk St Ste H, Houston, Texas.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comment or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below.

RESPONSE TO COMMENTS AND EXECUTIVE DIRECTOR ACTION. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. Because no timely hearing requests have been received, after preparing the response to comments, the executive director may then issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID).

INFORMATION AVAILABLE ONLINE. When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.74694&lng=-95.12028&zoom=13&ty=1

MAILING LIST. You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.
AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at
www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the
Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will
become part of the agency's record; this includes email addresses. For more information about this permit application or
the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en
Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Texas Lehigh Cement Company LP at the address stated above or by
calling Mr. Joseph Marini, Environmental Manager at (512) 295-9233.

Notice Issuance Date: August 9, 2017
August 9, 2017

THE HONORABLE ED EMMETT
HARRIS COUNTY JUDGE
1001 PRESTON STE 911
HOUSTON TX 77002

Re: Small Business Stationary Source Registration under an Air Quality Standard Permit for Concrete Batch Plants

Dear Judge Emmett:

Pursuant to the requirements of Section 382.0516 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, this letter is to notify you of the recent receipt of an application for a small business stationary source air quality standard permit registration for a concrete batch plant which is located in your county. As part of the air permitting process, this applicant will be required to publish a formal public notice in a newspaper of general circulation in the municipality which the plant is located or is proposed to be located or in the municipality nearest to the location or proposed location of the plant. The notice will inform the public of their right to ask questions, make comments, request a contested case, or request a public meeting. This letter is being sent to you for information only and no action is required. The status of all pending air quality applications may be viewed by visiting our agency Web site at www.tceq.texas.gov/airperm.

Baycrete, Inc., 6319 Sjobander Road, Baytown, Texas 77521-9367, has applied to construct a permanent concrete batch plant located at 4318 North Highway 146, Baytown, Harris County, Texas. The Air Quality Registration Number is 147651.

If you need further information or have any questions, please call Mr. Donald D. Nelson at (512) 239-0894 or write him at the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

Beryl Thatcher

Beryl Thatcher, Manager
Mechanical/Coatings New Source Review Permits Section
Air Permits Division
THE HONORABLE ED EMMETT
HARRIS COUNTY JUDGE

Air Permits Division
NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR AN AIR QUALITY PERMIT

PROPOSED PERMIT NUMBER: 146845

APPLICATION AND PRELIMINARY DECISION. American Crushed Concrete, Inc., 11233 Charles Rd, Houston, Texas 77041-2401, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 146845, which would authorize construction of a Concrete Crushing Plant located at 11233 Charles Road, Houston, Harris County, Texas 77041. This application was submitted to the TCEQ on May 16, 2017. The proposed facility will emit the following contaminants: particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director's preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and at the Fairbanks Library, 7122 Gessner Road, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk Street Suite H, Houston, Texas.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comment or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below.

RESPONSE TO COMMENTS AND EXECUTIVE DIRECTOR ACTION. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. Because no timely hearing requests have been received, after preparing the response to comments, the executive director may then issue final approval of the application. The response to comments, along with the executive director's decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners' Integrated Database (CID).

INFORMATION AVAILABLE ONLINE. When they become available, the executive director's response to comments and the final decision on this application will be accessible through the Commission's Web site at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.88305&lng=-95.57889&zoom=13&type=r.

MAILING LIST. You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.
AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from AMERICAN CRUSHED CONCRETE INC at the address stated above or by calling Mr. Jay Lindholm, Project Manager at (512) 258-8500.

Notice Issuance Date: August 18, 2017
APPLICATION INVISTA S.a r.l., has applied to the Texas Commission on Environmental Quality (TCEQ) for an amendment to and renewal of Air Quality Permit Number 2925, which would authorize modifications to and continued operation of the Tetrahydrofuran Manufacturing unit within the INVISTA La Porte Plant located at 12455 Strang Road, La Porte, Harris County, Texas 77571. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.703055&lng=-95.037222&zoom=13&type=r. The existing facility and/or related facilities will emit the following air contaminants: carbon monoxide, nitrogen oxides, organic compounds, hydrogen sulfide, hazardous air pollutants, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

The applications were submitted to the TCEQ on August 14, 2017. The permit renewal will be issued in conjunction with the amendment. This permitting action also includes the incorporation of the following previous authorizations or changes to authorized facilities related to this permit: alterations, amendments, changes in emission factors, and standard permits. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. The applications will be available for viewing and copying at the TCEQ central office, and the TCEQ Houston regional office, 5425 Polk Avenue, Suite H, Houston, Harris County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the applications are administratively complete and will conduct a technical review of the applications.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments, a request for a public meeting, or request a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the applications. The deadline to submit public comments is 30 days after newspaper notice is published.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the applications. A public meeting about the applications will be held if the executive director determines that there is a significant degree of public interest in the applications or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the applications, the response to comments, along with notice of the executive director's action on the applications, will be mailed to everyone who submitted comments or is on the mailing list for these applications.

The executive director will complete the technical review, issue a preliminary decision on the applications, and a Notice of Application and Preliminary Decision will be published and mailed to those who are on the mailing list for these applications. That notice will contain the final deadline for submitting public comments. If a hearing request is timely filed in Response to this Notice of Receipt of Application and Intent to Obtain Air Permit, the time period for requesting a contested case hearing will be extended to thirty days after the mailing of the executive director's response to comments.

After the final deadline for public comments following the Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If comments are received, the response to comments, along with the executive director's
decision on the applications, will then be mailed to everyone who submitted public comments or is on a mailing list for these applications.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decisions on the applications. Further, the Commission will only grant a hearing on issues submitted by you or others during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and permit number; (3) the statement “[l/we] request a contested case hearing”; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific applications mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from INVISTA S.a r.l., 12455 Strang Road, La Porte, Texas 77571-9806 or by calling Ms. Amy Hodges, Public Affairs Manager, at (361) 572-2137.

Noticia Issuance Date: August 29, 2017
NOTICE OF APPLICATION AND PRELIMINARY DECISION FOR AIR QUALITY PERMITS

PROPOSED AIR QUALITY PERMIT NUMBERS 144239, PSDTX1512, AND GHGPSDTX164

APPLICATION AND PRELIMINARY DECISION. Praxair, Inc., 1585 Sawdust Rd Ste 300, The Woodlands, Texas 77380-2095, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of proposed State Air Quality Permit 144239, issuance of Prevention of Significant Deterioration (PSD) Air Quality Permit PSDTX1512, and issuance of Greenhouse Gas (GHG) PSD Air Quality Permit GHGPSDTX164 for emissions of GHGs, which would authorize construction of the Praxair Clear Lake Plant located at the northwest corner of the Celene Industrial complex on the far north end of Bayport Blvd, Pasadena, Harris County, Texas 77507. The facility will emit the following air contaminants: particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, nitrogen oxides, sulfur dioxide, organic compounds, and hazardous air pollutants. The proposed facility will emit the following air contaminants in a significant amount: carbon monoxide and greenhouse gases.

A full PSD increment analysis was not required because the predicted impacts of all pollutants subject to PSD increment review were below the significant impact level for each pollutant.

This application was submitted to the TCEQ on December 5, 2016. The executive director has determined that the emissions of air contaminants from the proposed facility which are subject to PSD review will not violate any state or federal air quality regulations and will not have any significant adverse impact on soils, vegetation, or visibility. All air contaminants have been evaluated, and “best available control technology” will be used for the control of these contaminants.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The permit application, executive director’s preliminary decision, draft permit, and the executive director’s preliminary determination summary and executive director’s air quality analysis, will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and at the Harris County Public Library (Clear Lake City-County Freeman Branch Library), 16616 Diana Lane, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk St Ste H, Houston, Texas.

INFORMATION AVAILABLE ONLINE. These documents are accessible through the Commission’s Web site at www.tceq.texas.gov/goto/cid: the executive director’s preliminary decision which includes the draft permit, the executive director’s preliminary determination summary, air quality analysis, and, once available, the executive director’s response to comments and the final decision on this application. Access the Commissioners’ Integrated Database (CID) using the above link and enter the permit number for this application. The public location mentioned above the Harris County Public Library (Clear Lake City-County Freeman Branch Library), 16616 Diana Lane, Houston, Harris County, Texas provides public access to the internet. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting to the Office of the Chief Clerk at the address below. The purpose of a public meeting is to provide the opportunity to submit comment or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local
legislator. A public meeting is not a contested case hearing. You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below.

After the deadline for public comment, the executive director will consider the comments and prepare a response to all relevant and material or significant public comment. The response to comments, along with the executive director’s decision on the application, will be mailed to everyone who submitted public comments or is on a mailing list for this application. The mailing will also provide instructions for requesting a contested case hearing or reconsideration of the executive director’s decision.

OPPORTUNITY FOR A CONTESTED CASE HEARING. You may request a contested case hearing regarding the portions of the application for State Air Quality Permit Number 144239 and for PSD Air Quality Permit Number PSDTX1512. There is no opportunity to request a contested case hearing regarding the portion of the application for GHG PSD Air Quality Permit Number GHGPSDTX164. A contested case hearing is a legal proceeding similar to a civil trial in a state district court. A person who may be affected by emissions of air contaminants, other than GHGs, from the facility is entitled to request a hearing. A contested case hearing request must include the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and permit number; (3) the statement “I/we request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 30 days following this notice to the Office of the Chief Clerk, at the address provided in the information section below.

A contested case hearing will only be granted based on disputed issues of fact or mixed questions of fact and law that are relevant and material to the Commission’s decisions on the application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn or issues that are not submitted in public comments may not be considered during a hearing.

EXECUTIVE DIRECTOR ACTION. The executive director may issue final approval of the application for the portion of the application for GHG PSD Air Quality Permit GHGPSDTX164. If a timely contested case hearing request is not received or if all timely contested case hearing requests are withdrawn regarding State Air Quality Permit Number 144239 and for PSD Air Quality Permit Number PSDTX1512, the executive director may issue final approval of the application. The response to comments, along with the executive director’s decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the CID. If any timely hearing requests are received and not withdrawn, the executive director will not issue final approval of the State Air Quality Permit Number 144239 and for PSD Air Quality Permit Number PSDTX1512 and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting.

MAILING LIST. You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Praxair Inc at the address stated above or by calling Mrs. Kiranmai Valluri, Environmental Manager at (281) 478-1564.

Notice Issuance Date: August 22, 2017
TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

EXAMPLE A

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

PROPOSED AIR QUALITY PERMIT NUMBER 148156

APPLICATION OXITENO USA LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Air Quality Permit Number 148156, which would authorize emission sources related to a new Sodium Isethionate production process at the Oxiteno Pasadena Facility located at 9801 Bay Area Boulevard, Pasadena, Harris County, Texas 77507. This application is being processed in an expedited manner, as allowed by the commission's rules in 30 Texas Administrative Code, Chapter 101, Subchapter J. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application: http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.60861&lng=-95.06111&zoom=13&type=r. The facility will emit the following contaminants: organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, sulfur dioxide and sulfuric acid mist.

This application was submitted to the TCEQ on August 15, 2017. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the Harris County Public Library – Evelyn Meador Branch, 2400 North Meyer Avenue, Seabrook, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments, a request for a public meeting, or request a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 30 days after newspaper notice is published.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the application, the response to comments, along with notice of the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

The executive director will complete the technical review, issue a preliminary decision on the application, and a Notice of Application and Preliminary Decision will be published and mailed to those who are on the mailing list for this application. That notice will contain the final deadline for submitting public comments. If a hearing request is timely filed in Response to this Notice of Receipt of Application and Intent to Obtain Air Permit, the time period for requesting a contested case hearing will be extended to thirty days after the mailing of the executive director's response to comments.

After the final deadline for public comments following the Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or is on a mailing list for this application.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decisions on the application.
Further, the Commission will only grant a hearing on issues submitted by you or others during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and permit number; (3) the statement “[we] request a contested case hearing”; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

Following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the Office of the Chief Clerk at the address below.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from OXITENO USA LLC, 9801 Bay Area Boulevard, Pasadena, Texas 77507-1863 or by calling Mr. David Salazar, Environmental Engineer, at (281) 909-7618.

Notice Issuance Date: August 22, 2017
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN
AIR PERMIT RENEWAL

PERMIT NUMBER 34184

APPLICATION CB&I LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 34184, which would authorize continued operation of Abrasive Cleaning and Surface Coating Facilities located at 8900 Fairbanks North Houston Road, Houston, Harris County, Texas 77064. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.htm?lat=29.910555&lng=-95.521666&zoom=13&type=r. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, nitrogen oxides, organic compounds, hazardous air pollutants, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less and sulfur dioxide.

This application was submitted to the TCEQ on August 8, 2017. The application will be available for viewing and copying at the TCEQ central office, TCEQ Houston regional office, and the Harris County Public Library-Fairbanks Branch, 7122 Gessner Drive, Houston, Harris County, Texas beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations and amendments. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ’s jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director’s decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant’s compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission’s decision on the
application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement “[/we] request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from CB&I LLC, 8900 Fairbanks North Houston Road, Houston, Texas 77064-6805 or by calling Mr. Bob Masson, Facilities Manager at (713) 898-6906.

Notice Issuance Date: August 31, 2017
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN
AIR PERMIT RENEWAL

PERMIT NUMBER 21262

APPLICATION Shell Oil Company has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 21262, which would authorize continued operation of the refinery at the Shell Oil Deer Park facility located at 5900 Highway 225, Deer Park, Harris County, Texas 77536. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.7261&lng=-95.13834&zoom=13&type=1. The existing facility and/or related facilities are authorized to emit the following air contaminants: carbon monoxide, hazardous air pollutants, hydrogen sulfide, nitrogen oxides, organic compounds, particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less, and sulfur dioxide.

This application was submitted to the TCEQ on August 25, 2017. The application will be available for viewing and copying at the TCEQ central office, TCEQ Houston regional office, and the Deer Park Public Library, 3009 Center Street, Deer Park, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations, amendments, permits by rule, standard permits, and changes in emission factors. An amendment application that is not subject to public notice or an opportunity for a contested case hearing is also being reviewed. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant, and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the
applicant’s compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission’s decision on the application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant’s name and permit number; (3) the statement “[I/we] request a contested case hearing;” (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Shell Oil Company, P.O. Box 100, Deer Park, Texas 77536-0100 or by calling Mr. Clay Gorham, Senior Environmental Engineer at (713) 246-5459.

Notice Issuance Date: September 8, 2017
Air Quality Standard Permit for Concrete Batch Plants Proposed Registration No. 148312

Application. Baker Ready Mixed Concrete, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for an Air Quality Standard Permit, Registration No. 148312, which would authorize construction of a permanent concrete batch plant located at 1731 Peach Leaf Street, Houston, Harris County, Texas 77039. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.html?lat=29.92417&lng=-95.36&zoom=13&type=r. The proposed facility will emit the following air contaminants: particulate matter including (but not limited to) aggregate, cement, road dust, and particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on August 25, 2017. The executive director has completed the administrative and technical reviews of the application and determined that the application meets all of the requirements of a standard permit authorized by 30 TAC § 116.611, which would establish the conditions under which the plant must operate. The executive director has made a preliminary decision to issue the registration because it meets all applicable rules. The application, executive director's preliminary decision, and standard permit will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and the High Meadows Branch Library, 4500 Aldine Mail Route Road, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk St Ste H, Houston, Texas. Visit www.tceq.texas.gov/goto/cbp to review the standard permit.

Public Comment/Public Meeting. You may submit public comments or request a public meeting. See Contacts section. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments or meeting requests is 30 days after newspaper notice is published. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ's jurisdiction to consider in the permit process.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. If a public meeting is held, the deadline to submit public comments is extended to the end of the public meeting.

Contested Case Hearing. You may request a contested case hearing. The applicant or the executive director may request that the application be directly referred to a contested case hearing after technical review of the application. The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. A contested case hearing is a legal proceeding similar to a civil trial in state district court. If no hearing request is received within this 30-day period, no further opportunity for hearing will be provided, and the executive director may approve the application. If a hearing request is received within the 30-day period, then the time period for requesting a contested case hearing will be extended to 30 days after the mailing of the executive director's response to comments.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. To request a hearing, a person must actually reside in a permanent residence within 440 yards of the proposed plant. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and registration number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests which the group or association seeks to protect must be identified. You may submit your proposed adjustments to the application which would satisfy your concerns. See Contacts section.
TCEQ Action. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. The executive director’s decision on the application, and any response to comments, will be mailed to all persons on the mailing list. If no timely contested case hearing requests are received, or if all hearing requests are withdrawn, the executive director may issue final approval of the application. If all timely hearing requests are not withdrawn, the executive director will not issue final approval of the permit and will forward the application and requests to the Commissioners for their consideration at a scheduled commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission’s jurisdiction to address in this proceeding.

Mailing List. You may ask to be placed on a mailing list to receive additional information on this specific application. See Contacts section.

Information Available Online. For details about the status of the application, visit the Commissioners’ Integrated Database (CID) at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the link, enter the registration number at the top of this notice.

Contacts. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency’s record; this includes email addresses. For more information about this application or the permitting process, please call the TCEQ Public Education Program toll free at 1-800-687-4040 or visit their website at www.tceq.texas.gov/goto/pep. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Baker Ready Mixed Concrete, LLC, 1731 Peach Leaf Street, Houston, Texas 77039-1200 or by calling Mr. Venkata Godasi, Graduate Engineer, AARC Environmental, Inc. at (713) 974-2272.

Notice Issuance Date: September 7, 2017
THE HONORABLE EDWARD M EMMETT  
HARRIS COUNTY JUDGE  
1001 PRESTON STE 911  
HOUSTON TX 77002

Re: Small Business Stationary Source Registration under an Air Quality Standard Permit for Concrete Batch Plants

Dear Judge Emmett:

Pursuant to the requirements of Section 382.0516 of the Texas Clean Air Act, Texas Health and Safety Code, Chapter 382, this letter is to notify you of the recent receipt of an application for a small business stationary source air quality standard permit registration for a concrete batch plant which is located in your county. As part of the air permitting process, this applicant will be required to publish a formal public notice in a newspaper of general circulation in the municipality which the plant is located or is proposed to be located or in the municipality nearest to the location or proposed location of the plant. The notice will inform the public of their right to ask questions, make comments, request a contested case, or request a public meeting. This letter is being sent to you for information only and no action is required. The status of all pending air quality applications may be viewed by visiting our agency Web site at www.tceq.texas.gov/airperm.

Baker Ready Mixed Concrete, LLC, 1731 Peach Leaf Street, Houston, Texas 77039-1200, has applied to construct a permanent concrete batch plant located at 1731 Peach Leaf St, Houston, Harris County, Texas. The Air Quality Registration Number is 148312.

If you need further information or have any questions, please call Mr. Donald D. Nelson at (512) 239-0894 or write him at the Texas Commission on Environmental Quality, Office of Air, Air Permits Division, MC-163, P.O. Box 13087, Austin, Texas 78711-3087.

Sincerely,

Beryl Thatcher

COMISIÓN DE CALIDAD AMBIENTAL DE TUCAS

BOLETÍN DE SOLICITUD DE ACCIÓN LITIGIOSA

SOLICITUD DE SOLICITUD DE ACCIÓN LITIGIOSA

A las 1.300 horas, en la Cámara de Diputados, se presentó la siguiente solicitud de acción litigiosa:

LA SITUACIÓN DE LA COMISIÓN DE CALIDAD AMBIENTAL DE TUCAS

La situación de la Comisión de Calidad Ambiental de Tucas es preocupante. Se ha demostrado que está afectada por graves problemas medioambientales. La Comisión ha recibido varias denuncias de afectación del medio ambiente en la región, pero ha sido incapaz de tomar medidas efectivas para solucionar estos problemas.

SOLICITUD DE ACCIÓN LITIGIOSA

La solicitud es presentada en virtud de lo dispuesto en el artículo 26 de la Ley Federal de la Libertad de Conciencia. Se solicita al Poder Judicial de la Federación que emita una resolución favorable a la solicitud, para que se tome medidas inmediatas para proteger el ambiente y garantizar la seguridad de las personas afectadas.

La solicitud se fundamenta en que la Comisión de Calidad Ambiental de Tucas no ha debido cumplir con sus obligaciones y ha negligido en el manejo de las denuncias. Además, se presenta un caso concreto en el que la Comisión ha tardado en tomar medidas para proteger a las personas afectadas.

SOLICITUD DE ACCIÓN LITIGIOSA

Se solicita al Poder Judicial de la Federación que emita una resolución favorable a la solicitud, para que se tome medidas inmediatas para proteger el ambiente y garantizar la seguridad de las personas afectadas. La Comisión de Calidad Ambiental de Tucas ha demostrado su incapacidad para proteger el medio ambiente y garantizar la seguridad de las personas afectadas. Por lo tanto, se solicita al Poder Judicial de la Federación que emita una resolución favorable a la solicitud, para que se tome medidas inmediatas para proteger el ambiente y garantizar la seguridad de las personas afectadas.

ACCIÓN DE DIRECTOR: El Director ejecutivo propuso ante la Junta de Gobierno la aprobación definitiva de la solicitud hecha por la persona que desempeña el cargo de Director ejecutivo para el Premio ADELAIDE M. DE CALDAS 2022. El Director ejecutivo propuso una modificación en la solicitud, que se presenta en el anexo. La Junta de Gobierno, en su reunión del 15 de noviembre de 2022, aprobó la modificación presentada por el Director ejecutivo. La solicitud fue archivada en el expediente correspondiente.
A TODAS LAS PERSONAS Y PARTES INTERESADAS:

Praxair, Inc., ha solicitado de la Comisión para la Calidad Ambiental de Texas (TCEQ por sus siglas en inglés) para la expedición del Permiso propuesto de Calidad de Aire del Estado Número 144239, la expedición del Permiso PSDTX1512 de Prevención de Deterioro Significativo (PSD por sus siglas en inglés), y la expedición del Permiso GHG PSDTX164 de Calidad de Aire para Gases de Efecto Invernadero (GHG por sus siglas en inglés) PSD para emisiones de GHGs, lo cual autorizaría la construcción de la Planta Praxair Clear Lake ubicada en la esquina noroeste del complejo industrial Celanese al final extremo norte de Bayport Blvd, Pasadena, Condado de Harris, Texas 77507. Información adicional sobre esta solicitud puede encontrarse en la sección de avisos públicos de esta publicación.

A TODAS LAS PERSONAS Y PARTES INTERESADAS:

Hanson Aggregates LLC, ha solicitado a la Comisión de Calidad Ambiental de Texas (TCEQ) para un Permiso de Estándar de Calidad Atmosférica para una planta de lotes de concreto Registro No. 142439, el cual autoriza la construcción de dos plantas de concreto en Esperanza Road aproximadamente 0.25 millas al este de la intersección con State Highway 75, Willis, Condado de Montgomery, Texas 77378. En la sección de avisos públicos de este periódico se encuentra información adicional sobre esta solicitud.

NOTICE OF APPLICATION AND PRELIMINARY DECISION
FOR AN AIR QUALITY PERMIT

PROPOSED PERMIT NUMBER: 138619

APPLICATION AND PRELIMINARY DECISION. Intercoastal Paint Co., Inc., 14029 West Hardy Road, Houston, Texas 77060-5304, has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Proposed Air Quality Permit Number 138619, which would authorize construction of a Paint Manufacturing Facility located at 14029 West Hardy Road, Houston, Harris County, Texas 77060. This application was submitted to the TCEQ on June 14, 2016. The proposed facility will emit the following contaminants: hazardous air pollutants, organic compounds and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

The executive director has completed the technical review of the application and prepared a draft permit which, if approved, would establish the conditions under which the facility must operate. The executive director has made a preliminary decision to issue the permit because it meets all rules and regulations. The permit application, executive director’s preliminary decision, and draft permit will be available for viewing and copying at the TCEQ central office, the TCEQ Houston regional office, and at the Houston Public Library – Central, Jesse H. Jones Building, 500 McKinney Street, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review at the TCEQ Houston Regional Office, 5425 Polk Street Suite H, Houston, Texas.

PUBLIC COMMENT/PUBLIC MEETING. You may submit public comments or request a public meeting about this application. The purpose of a public meeting is to provide the opportunity to submit comment or to ask questions about the application. The TCEQ will hold a public meeting if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing. You may submit additional written public comments within 30 days of the date of newspaper publication of this notice in the manner set forth in the AGENCY CONTACTS AND INFORMATION paragraph below.

RESPONSE TO COMMENTS AND EXECUTIVE DIRECTOR ACTION. After the deadline for public comments, the executive director will consider the comments and prepare a response to all relevant and material or significant public comments. Because no timely hearing requests have been received, after preparing the response to comments, the executive director may then issue final approval of the application. The response to comments, along with the executive director’s decision on the application will be mailed to everyone who submitted public comments or is on a mailing list for this application, and will be posted electronically to the Commissioners’ Integrated Database (CID).

INFORMATION AVAILABLE ONLINE. When they become available, the executive director’s response to comments and the final decision on this application will be accessible through the Commission’s Web site at www.tceq.texas.gov/goto/cid. Once you have access to the CID using the above link, enter the permit number for this application which is provided at the top of this notice. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb510/index.html?lat=29.92111&lng=-95.37833&zoom=13&type=r.

MAILING LIST. You may ask to be placed on a mailing list to obtain additional information on this application by sending a request to the Office of the Chief Clerk at the address below.
AGENCY CONTACTS AND INFORMATION. Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. Si desea información en Español, puede llamar al 1-800-687-4040.

Further information may also be obtained from Intercoastal Paint Co., Inc. at the address stated above or by calling Ms. Joanna Angelo, Vice President at (281) 446-5258.

Notice Issuance Date: September 15, 2017
NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN
AIR PERMIT RENEWAL

PERMIT NUMBER 35009

APPLICATION Techcote Industrial Coating, Ltd. has applied to the Texas Commission on Environmental Quality (TCEQ) for renewal of Air Quality Permit Number 35009, which would authorize continued operation of a spray painting and abrasive blasting facility located at 15917 Jacintoport Boulevard, Houston, Harris County, Texas 77015. This link to an electronic map of the site or facility’s general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. http://www.tceq.texas.gov/assets/public/hb610/index.htm?lat=29.4455&lng=-95.0717&zoom=13&type=r. The existing facility and/or related facilities are authorized to emit the following air contaminants: exempt solvents, hazardous air pollutants, organic compounds, and particulate matter including particulate matter with diameters of 10 microns or less and 2.5 microns or less.

This application was submitted to the TCEQ on September 6, 2017. The application will be available for viewing and copying at the TCEQ central office, TCEQ Houston regional office, and the Harris County Public Library, North Channel Branch, 15741 Wallisville Road, Houston, Harris County, Texas, beginning the first day of publication of this notice. The facility’s compliance file, if any exists, is available for public review in the Houston regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application. In addition to the renewal, this permitting action includes the incorporation of the following authorizations or changes to authorized facilities related to this permit: alterations and amendments. The reasons for any changes or incorporations, to the extent they are included in the renewed permit, may include the enhancement of operational control at the plant or enforceability of the permit. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-687-4040. The TCEQ may act on this application without seeking further public comment or providing an opportunity for a contested case hearing if certain criteria are met.

PUBLIC COMMENT You may submit public comments, or a request for a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public comments is 15 days after newspaper notice is published. After the deadline for public comments, the executive director will prepare a response to all relevant and material, or significant public comments. Issues such as property values, noise, traffic safety, and zoning are outside of the TCEQ’s jurisdiction to address in the permit process.

After the technical review is complete the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If only comments are received, the response to comments, along with the executive director’s decision on the application, will then be mailed to everyone who submitted public comments or who is on the mailing list for this application, unless the application is directly referred to a contested case hearing.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. The applicant or the executive director may also request that the application be directly referred to a contested case hearing after technical review of the application. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 15 days from this notice, the executive director may act on the application. If no hearing request is received within this 15 day period, no further opportunity for hearing will be provided. According to the Texas Clean Air Act § 382.056(o) a contested case hearing may only be granted if the applicant’s compliance history is in the lowest classification under applicable compliance history requirements and if the hearing request is based on disputed issues of fact that are relevant and material to the Commission’s decision on the
application. Further, the Commission may only grant a hearing on those issues submitted during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing;" (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns. Requests for a contested case hearing must be submitted in writing within 15 days following this notice to the Office of the Chief Clerk at the address below.

If any requests for a contested case hearing are timely filed, the Executive Director will forward the application and any requests for a contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. Unless the application is directly referred to a contested case hearing, the executive director will mail the response to comments along with notification of Commission meeting to everyone who submitted comments or is on the mailing list for this application. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list for this application by sending a request to the Office of the Chief Clerk at the address below. Those on the mailing list will receive copies of future public notices (if any) mailed by the Office of the Chief Clerk for this application.

AGENCY CONTACTS AND INFORMATION Public comments and requests must be submitted either electronically at www.tceq.texas.gov/about/comments.html, or in writing to the Texas Commission on Environmental Quality, Office of the Chief Clerk, MC-105, P.O. Box 13087, Austin, Texas 78711-3087. Any personal information you submit to the TCEQ will become part of the agency's record; this includes email addresses. For more information about this permit application or the permitting process, please call the Public Education Program toll free at 1-800-887-4040. Si desea información en Español, puede llamar al 1-800-887-4040.

Further information may also be obtained from Techcote Industrial Coating, Ltd., 16917 Jacintoport Boulevard, Houston, Texas 77015-6536 or by calling Ms. Connie Harrison, The WCM Group, Inc. at (281) 446-7070.

Notice Issuance Date: September 15, 2017
