

Environmental Awareness Roundtable: Innovative Outreach Tools & The Houston Galveston Regional Plan

Environmental Awareness Roundtable

Residents, business owners, non-profit organizations, educational institutes, and local government representatives are teaming up in an unprecedented effort to develop a Regional Plan for the 13-County Texas Gulf Coast Planning Region.

Join us for the next Environmental Awareness Roundtable as Meredith Dang, Land Use and Transportation Coordinator at H-GAC, presents an overview of this ground-breaking project and tells us how we can get involved. Some of the goals of this project include:

- enriching efforts that support workforce improvements, facilitate job growth and attract new residents, and conserve the natural environment and enhance the built environment, and
- enabling the pursuit of federal funding for implementation of transportation, housing, hazard mitigation, and community and economic development projects in the region.

Join us as we learn more about [The Houston Galveston Regional Plan](#) and see how our region is approaching current and future opportunities to meet the needs of the diverse communities and residents in a manner that doesn't compromise the needs of future generations.

Where and When

February 14, 2012
