

**HOUSTON-GALVESTON MPO
2017-2020 TRANSPORTATION IMPROVEMENT PROGRAM**

Amendment #: 1

Amendment Type: Administrative Action TPC Action Emergency Action

Projects Affected (MPOID (CSJ)):

17130 (0912-00-544)

Purpose of Amendment:

Commit \$2 million toward the development of a Draft Environmental Impact Statement for the 36A corridor.

Effort will affirm the purpose and need for any improvements, identify reasonable alternative alignments (included reuse of existing roadway facilities if feasible), evaluate their contribution to the project purpose and need, identify potential impact on the natural and manmade environment, determine consistency with local and regional plans and estimate development costs.

Includes a request for 400,000 Transportation Development Credits (TDCs) to satisfy non-federal match requirements. Use of credits will facilitate the timely delivery of this work as this study is not budgeted within existing TxDOT Houston District project development and engineering resources.

Financial Constraint Statement:

This amendment is consistent with fiscal constraint requirements.

Air Quality Conformity Statement:

Projects covered by this amendment are included in the 2040 RTP and the resulting air quality conformity analysis or are exempt from regional emissions analysis.
