## TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

*Protecting Texas by Reducing and Preventing Pollution*

December 13, 2010

Ms. Janice W. Brown, Division Administrator  
Federal Highway Administration, Texas Division  
300 East 8<sup>th</sup> Street, Room 826  
Austin, Texas 78701

Re: Conformity Determination for the Houston-Galveston-Brazoria Nonattainment Area

Dear Ms. Brown:

Thank you for the opportunity to review the conformity determination for the Houston-Galveston-Brazoria (HGB) nonattainment area, which was submitted for interagency consultation and review in October 2010. The Texas Commission on Environmental Quality (TCEQ) is satisfied that all requirements have been met, as discussed below.

The HGB area is designated nonattainment for ozone. In order for the area to demonstrate transportation conformity, the area must show that projected emissions from the updated 2035 Regional Transportation Plan and the 2011 through 2014 Transportation Improvement Program for the Houston-Galveston Transportation Management Area is at or below the applicable state implementation plan (SIP) motor vehicle emissions budgets, as required under Title 40 Code of Federal Regulations Part 93. Transportation emissions were projected for analysis years 2011, 2018, 2025, and 2035. Regional transportation emissions were compared to the 2008 motor vehicle emissions budget in the Houston-Galveston-Brazoria 1997 Eight-Hour Ozone Nonattainment Area Reasonable Further Progress SIP adopted by the TCEQ on May 23, 2007.

The TCEQ air quality staff reviewed the documents. All issues were discussed in a series of conference calls and e-mails with the Houston-Galveston Area Council, the Federal Highway Administration, the United States Environmental Protection Agency, the Texas Department of Transportation, and the TCEQ. All issues were resolved through this interagency consultation process.

The TCEQ is satisfied that requirements have been met and transportation conformity has been demonstrated. If you have any questions about our review, please contact Ms. Margie McAllister of my staff at 512-239-1967 or [mmcallis@tceq.state.tx.us](mailto:mmcallis@tceq.state.tx.us).

Sincerely,

  
David Brymer, Director  
Air Quality Division

Ms. Janice W. Brown, Division Administrator
