

Learn How

Beginning on Friday, September 12, 2008, H-GAC will offer a weekly class for participating dealers and recognized repair facilities on the AirCheck Texas Repair and Replacement Program in the Houston-Galveston area.

Our classes explain how the program works and how dealers and repair facilities get paid. Our staff will also answer any questions about the program.

We will offer class every Friday from 9:00 a.m. to 11:00 a.m. in one of H-GAC's second floor conference rooms here at 3555 Timmons Lane, Houston. Parking is free in the garage for our building.

Space is limited for each class. Please register with us by sending an email request to roxana.najarro@h-gac.com or by calling her at 832.681.2532 by the Thursday before the class you want to attend.

Dismantlers and recyclers are also welcome!

New Dealer Agreements for 2009

We will be contacting all participating dealers to renew your agreements with H-GAC for the AirCheck program. We will need the new agreement signed in order to continue your participation.

New for 2009

We'll discuss changes to our payment process in the classes beginning September 12, and we'll be sending you information about the change via email as well.

- Download the Dealer Handout and keep it handy.

“Two-Party” Deals

We cannot pay on a voucher issued to one person if the title application in the deal has an additional person's name on it. We've usually seen this when a lender requests a co-signer for a loan and requires the co-signer's name on the replacement vehicle's title.

We have a limited ability to reconsider an application from both people (the original voucher holder and the potential co-signer) if we receive the re-application before the voucher expires and the co-signer is a member of the original voucher holder's household.

We cannot reconsider applications if the co-signer does not live in the original voucher holder's household.
