Mileage & Fuel Usage Commitment

Miles of Operation: For most on-road activities, the emissions reduction and cost effectiveness will be calculated based on the number of miles traveled by each vehicle on an annual basis.

How many total miles do you commit to travel <u>per year</u> over the Activity Life? For Replacement Activities, this amount MAY NOT exceed, but may be less than, the average annual miles traveled per year over the last two years.	
<i>Replacement Activities Only:</i> Over the last two years, how many miles have you traveled on average <u>per year</u> . DO NOT overstate your historical average annual use.	

During an average work week, my truck is driven:
_____ miles per day _____ days per week _____ miles per year
