

RailRoad Industry Stakeholder Meeting

When: June 12, 2008; 10:00 a.m.

Where: H-GAC Offices, 3555 Timmons Lane, Houston, TX, 77027, Conference Room A

Why: The Houston-Galveston-Brazoria region is in violation of federal air quality standards for ozone. Currently, Texas is revising its State Implementation Plan to address the problem. H-GAC, in cooperation with the Texas Commission on Environmental Quality, wants to engage local stakeholders in the railroad sector to determine how you can become part of the solution. This could significantly impact how you do business, so we need your voice to be heard at this public meeting!
