

Appendix D: American Recovery and Reinvestment Act (ARRA)

In an effort to reinvigorate the national economy and stem the loss of jobs due to the economic downturn, in February 2009 the President signed into law the American Recovery and Reinvestment Act (ARRA) of 2009. The \$787 billion bill covered many sectors of the American economy.

Texas was allocated approximately \$376 million in funding for capital expenditures relating to public transportation. Of that amount, \$106 million was allocated to the Houston region in accordance with the Urbanized Area Formula Program and the Nonurbanized (rural) Area Formula Program. An additional \$2.3 million was allocated to the Fixed Guideway Infrastructure Investment Program.

The State received a \$2.25 billion allocation for surface transportation program projects. Of that, the Houston region received \$489 million for maintenance and rehabilitation as well as mobility projects.

Due to ARRA funding, a host of roadway and transit projects have been initiated throughout the region. Without this additional funding, many of these transportation infrastructure projects would not have been undertaken. They include:

Roadway

BW 8 @ US 59N - construction of Direct Connectors - \$30 m
IH 610 N from White Oak Bayou Bridge – reconstruction - \$29 m
IH 10 E from IH 45 to White Oak Bayou Bridge – reconstruction- \$6 m
IH 10 E from Washington to Taylor – extension of frontage roads - \$46 m
IH 45 N from LP 336 to Calvary - \$106 m
Region wide - rehabilitation and maintenance - \$70 m

Transit – Region wide

Light rail car acquisition - \$64m
Park & ride construction - \$5.5 m
Bus purchase - \$4.6m
Shelters - \$1.4m

The pages below provide detailed information regarding funding and projects.

AMERICAN RECOVERY AND REINVESTMENT ACT (ARRA)

Summary of Approved Transportation Project Funding
for the Houston-Galveston Transportation Management Area
