Notice of Proposed Goal for the Participation of Disadvantaged Business Enterprises in
Department of Transportation Assisted Contracts

As required by Section 49 Code of Federal Regulations Part 26, the Houston-Galveston Area Council (H-GAC) Transportation Department has determined a proposed overall goal for the participation of Disadvantaged Business Enterprises (DBEs) in its contracts for financial assistance provided by the U.S. Department of Transportation (DOT):

- 22% for FY 2011-2013 contracts for financial assistance provided through the Federal Aviation Administration (FAA), Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA).

The proposed goal and its rationale are available for review between 8:00 am and 5:00 pm, Monday through Friday at 3555 Timmons Lane, Suite 120, Houston, Texas 77027 and online at <http://www.h-gac.com/transportation> (click on Transportation Public Involvement). The information will be available for inspection for 30 days, until July 13, 2010.

- H-GAC is hosting a workshop for DBEs that provide Engineering, Planning, Advertising and Public Relations services on Tuesday, July 13, 2010, from 2:00 to 4:30 p.m. at the H-GAC offices at 3555 Timmons Lane, 2nd Floor, Room A, Houston, Texas 77027.

CONTRACT GOALS

H-GAC will use contract goals to meet any portion of the overall goal that the recipient does not project being able to meet using RN means. Contract goals are established so that, over the period to which the overall goal applies, they will cumulatively result in meeting any portion of the recipient's overall goal that is not projected to be met through the use of RN means.

H-GAC will establish contract goals only on those DOT-assisted contracts that have subcontracting possibilities. It need not establish a contract goal on every such contract, and the size of the contract goals will be adapted to the circumstances of each such contract (e.g., type and location of work and availability of DBE's to perform the particular type of work).

H-GAC will express its contract goals as a percentage of the total amount of DBE-assisted contract.
