

Comments received re: the American Recovery and Reinvestment Act:

(February 12,2009)

Emails:

- Jane Malin:

Request to add a NASA Parkway circulator to the TIP.

- Clark Martinson, Energy Corridor District:

Request to add the "Energy Corridor Suburban Transit" program to the TIP and RTP.

- Robert Frame, Shell Oil Co:

Request to review the interchange at Grand Parkway (SH 99) and I-10 in the Katy area and suggestions that two ramps would dramatically improve traffic: Westbound I-10 to Southbound Grand Parkway
Grand Parkway to Eastbound I-10.

Public Meeting, Feb 12, 2009:

- Peter McElwain, KATY ISD, with supporting documents:

Request to advance Katy area projects to the 2008-2011 TIP from 2012 and 2018 letting dates. Request to re-evaluate the proposed timing of reconstruction work for FM 1463 and Gaston Road and expressed the urgent need to complete other identified major thoroughfares in the Katy area to accommodate rapid business and neighborhood growth.

- Larry Buehler, Economic Development Director, City of Alvin, with supporting documents:

Expressed full support of FM 528 Extension project, from Business Highway 35 west and south to SH 6, by the Alvin mayor and city council, Alvin ISD, Brazoria County Commissioners' Court, and Economic Development Alliance for Brazoria County.

Meeting Transcript, Feb 12, 2009:

- Leonard Scarcella, as Mayor, City of Stafford:

Request to implement Stafford Rd./ Staffordshire project, 90A to Beltway 8 on contingency plan. Includes significant local participation/ match.

- Leonard Scarcella, as individual member of the Gulf Coast Freight Rail District:

Emphasized support for including commuter rail lines in the plan. Reviewed Project 11474, METRO project US 90A, from Fannin Park-and-Ride to FM 762, Commuter Rail Final Design and Construction.
