## **PROPOSED RTP/TIP AMENDMENTS**

### **Summary**

At the August 16, 2017 Technical Advisory Committee meeting H-GAC staff reviewed proposed amendments to the Regional Transportation Plan (RTP) and Transportation Improvement Program (TIP). These amendments include:

- Requests for Additional Funding;
- Consolidation of funding for H-GAC's Clean Air Action marketing/outreach activities and request for TDCs;
- Addition of projects funded in partnership with the Texas Transportation Commission, including the North Houston Highway Improvement Project (IH 45N & More);
- Addition of three projects requiring federal approval actions;
- Addition of TxDOT projects that are undergoing environmental review and seeking to advance project development activities; and
- Adjustment to the scope, schedule and funding of projects/corridors selected in the 2015 Call for Projects.

Due to Hurricane Harvey, the public comment period for the proposed amendments has been extended and will run through October 6, 2017. A public meeting will be held Monday, September 11, 2017 from 5:30 p.m. to 7:00 p.m., and H-GAC will host a webinar on September 11 beginning at noon.

Staff will brief the Transportation Policy Council regarding the proposed amendments at their September 22, 2017 meeting. Approval from the TAC and TPC will be requested at their October and December meetings, consistent with requirements to confirm air quality conformity for some of the proposed amendments.

The complete list of proposed amendments, including hyperlinks to detailed before and after project information is attached.

## **INVESTMENT PRIORITIES**

### **Background**

At the June 7, 2017 joint meeting of the RTP and TIP Subcommittees staff reviewed the Vision, Goals and Strategies in the current 2040 RTP and potential revisions to those elements for the 2045 RTP.

Staff also presented an approach to further strengthen the linkage between RTP priorities and the project selection process. This work would build upon the existing “investment area” structure, the significant regional planning efforts undertaken since the adoption of the 2040 RTP, as well as feedback received from the Policy Council and regional stakeholders, to direct investment decisions through clearly defined areas of regional interest.

Staff prepared an initial draft “investment priority matrix” for discussion purposes, and has engaged the relevant TAC and TPC committees and working groups to provide feedback and recommend possible areas of regional interest for investment.

### **Current Situation**

Since the June 7 meeting, staff has presented the Investment Priority Matrix to the relevant TAC subcommittees and is currently working to incorporate the comments and feedback received into the Matrix and supporting materials.

### **Action Requested**

Information Only. Staff will discuss feedback received thus far from the TAC subcommittees and proposed changes to the draft Matrix at the August 28 meeting.

**June 7, 2017 Draft Investment Priority Matrix**

**Major Investments (>\$100 million)**

Consider individual contribution of major capital investments exceeding \$100 million toward achievement of RTP Goals and Strategies.

**Other Investments (<\$100 million)**

Provide priority direction to other investments to ensure alignment with RTP Strategies (TABLE):
