

COMMISSIONER PRECINCT 2

Fort Bend County, Texas

Grady Prestage
Commissioner

October 22, 2018

Ms. Carol Haddock, P.E.
Director
Houston Public Works
611 Walker
Houston, TX 77002

Dear Director Haddock:

This letter is to support the Houston Public Works application for federal funding to construct West Fuqua improvements. Fort Bend County Precinct 2 is partnering with Houston Public Works on the design of this project. This is truly a unified effort to provide a better level of service to this developing area in southwest Houston.

The West Fuqua project will reconstruct a facility that is more than forty years old with missing curbs, sidewalks in poor condition and lack of wheelchair ramps at cross streets. Residents in the area have complained of frequent car accidents at the intersection of West Fuqua with Fondren.

Working together, we can improve not just the pavement quality but also travel times and safety. The extensive intersection improvements, including turn lanes, will allow through traffic to continue flowing and provide protection for turning movements. With the many residences, schools and public services along the corridor, the sidewalk enhancements will make walking the short distances between them safer and more easily accessible.

This project is a high priority for Precinct 2. H-GAC is strongly encouraged to fund construction and support the intergovernmental partnership we have started.

Sincerely,

Grady Prestage, Commissioner
Fort Bend County Precinct 2
