Edward Ofori, P.E.
Acting Division Administrator
Federal Highway Administration
Texas Division
300 East Eighth Street, Suite 826
Austin, TX 78701

Attn: Ed Burgos-Gomez

Dear Mr. Ofori:

The Texas Department of Transportation (TxDOT) has reviewed the final Transportation Conformity documentation for the Amendments to the 2045 Regional Transportation Plan (RTP) Update and 2025-2028 Transportation Improvement Program (TIP) as developed by the Houston-Galveston Area Council (H-GAC).

TxDOT submitted comments to H-GAC during the conformity review process in accordance with the interagency consultation procedures outlined in 40 CFR 93.105 and 30 TAC 114.260. Those comments were addressed by H-GAC, and TxDOT verified that the 2025 Transportation Conformity for the Amended 2045 Regional Transportation Plan is consistent with the approved Pre-Analysis Consensus Plan (PACP). The RTP and TIP are based on the latest planning assumptions. The conformity analysis was developed using the latest approved emissions models and is consistent with applicable motor vehicle emissions budgets established in the State Implementation Plan.

Based on the information received through the review process, TxDOT has completed our review. Pending concurrence from the United States Environmental Protection Agency (EPA), and the Texas Commission on Environmental Quality (TCEQ), we support a positive conformity finding.

Edward Ofori, P.E.
