

6B. AMENDMENTS TO THE 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM AND
THE 2045 REGIONAL TRANSPORTATION PLAN

BACKGROUND

The 2025-2028 Transportation Improvement Program (TIP) is a four-year capital improvements program for transportation projects. Under federal rules, all federally assisted projects must be included in the TIP to be eligible for funding. In addition, federal rules require that regionally significant local projects must also be included in the TIP.

The 2045 Regional Transportation Plan (RTP) is a long-range plan that prioritizes spending on regional transportation projects including short and long-range strategies to ensure the transportation network is safe and efficient. Updated every four years, the RTP outlines a fiscally constrained transportation investment program that is based on the unique needs and characteristics of the Metropolitan Planning Area.

Amendments to the TIP and RTP are brought to the Transportation Policy Council for consideration monthly and amended in accordance with the Metropolitan Planning Organization's Public Participation Plan.

CURRENT SITUATION

A summary of the proposed revisions to the 2025-2028 Transportation Improvement Program is included below.

- Program two Fort Bend County SH 99 northbound frontage road construction projects (MPO IDs 19494, 19495) in FY 2026 with \$30M of federal Surface Transportation Block Grant and Supplemental Transportation funds matched with state funds as H-GAC Project Selection Process awards.
- Add \$6.7M of state-awarded Supplemental Transportation funds to three Fort Bend County SH 99 frontage road construction projects (MPO IDs 19198, 19200, 19201) in FY 2026 and update the authorized phases of work.
- Remove \$70.4M of federal Congestion Mitigation/Air Quality (CMAQ) funds from three METRO construction projects (MPO IDs 15265, 18761, 18762) due to Federal Highway Administration's determination of ineligibility. Delay from FY 2025 to FY 2026.
- Change the sponsor of the City of Conroe's FY 2029 Old Conroe Road four-lane extension project (MPO ID 17101) to Montgomery County per the agreement between the agencies.

ACTION REQUESTED

Transportation Policy Council approval of Resolution 2025-23.

Resolution

NO. 2025-23

AUTHORIZING AMENDMENTS OF THE 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) AND THE 2045 REGIONAL TRANSPORTATION PLAN (RTP) FOR THE HOUSTON-GALVESTON METROPOLITAN PLANNING AREA

WHEREAS, the 2045 Regional Transportation Plan was adopted by the Transportation Policy Council on May 19, 2023; and

WHEREAS, the 2025-2028 Transportation Improvement Program for the Houston-Galveston Metropolitan Planning Area was adopted by the Transportation Policy Council on June 28, 2024; and

WHEREAS, the proposed revisions to the 2025-2028 Transportation Improvement Program are consistent with the 2045 Regional Transportation Plan and its finding of conformance with the State Implementation Plan for air quality; and

WHEREAS, the proposed revisions to the 2025-2028 Transportation Improvement Program are consistent with the federal fiscal constraint requirements established for the Transportation Improvement Program and are consistent with the financially constrained 2045 Regional Transportation Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE TRANSPORTATION POLICY COUNCIL (TPC) FOR THE HOUSTON-GALVESTON METROPOLITAN PLANNING AREA THAT THE 2025–2028 TRANSPORTATION IMPROVEMENT PROGRAM AND THE 2045 REGIONAL TRANSPORTATION PLAN BE AMENDED TO REFLECT THE REVISIONS IDENTIFIED IN THE TABLE OF **AUGUST 2025 TPC AMENDMENTS**.

BE IT FURTHER RESOLVED THAT FEDERAL FUNDS AUTHORIZED BY THE TPC FROM THE CONGESTION MITIGATION AND AIR QUALITY (CMAQ) AND SURFACE TRANSPORTATION BLOCK GRANT (STBG) PROGRAMS REPRESENT A LIMITING AMOUNT. ANY COST OVERRUNS ON PHASES OF WORK AUTHORIZED BY THE TPC OR COSTS INCURRED ON PHASES OF WORK NOT AUTHORIZED BY THE TPC SHALL BE THE RESPONSIBILITY OF THE PROJECT SPONSOR. IN NO CASE, SHALL FEDERAL PARTICIPATION UNDER THE CMAQ AND STBG PROGRAMS BE INCREASED WITHOUT CONSULTATION AND THE EXPRESS APPROVAL OF THE TPC.

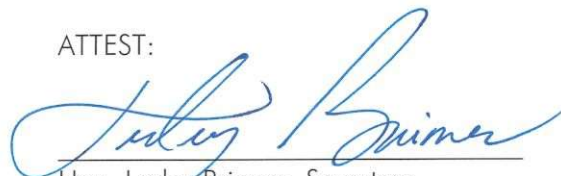

PASSED AND APPROVED this 22nd day of August 2025, at a regularly called meeting of the Transportation Policy Council.

APPROVED:

Justin Beckendorff (Sep 5, 2025 14:14:12 CDT)

Hon. Justin Beckendorff, Chairman
Transportation Policy Council

ATTEST:

Hon. Lesley Briones, Secretary
Transportation Policy Council

RE: Request TIP and/or Regional Transportation Plan Amendments for Various METRO Projects.

Dear Ms. Isbell and Ms. Owens:

The Metropolitan Transit Authority of Harris County (METRO) requests your consideration of the following request for amendments to the 2025-2028 Transportation Improvement Program and current 2045 Regional Transportation Plan.

MPOID	Project Name	Requested Action	
11473	Inner Katy Design	Move to FY '26	
19087	Inner Katy Bridge Columns	Move to FY '26	
18761	54 Scott BOOST	Move to FY '26 and show as locally funded	
18762	56 Airline/Montrose BOOST	Move to FY '26 and show as locally funded	
15265	Universal Accessibility Phase 2	Move to FY '26 and show as locally funded	
11268	Replace 160 Buses	Move to FY '26	
11795	Park and Ride Modifications	Move to FY '26	
15243	Purchase 32 CNG 40-Foot Buses	Move to FY '26	
15265	Universal Accessibility Phase 2	Move to FY '26 and show as locally funded	
15547	Wheeler Intermodal Terminal	Move to FY '27	
15549	Northline Transit Center	Program in FY '29 with actual funding awarded and local match	
18260	Regional Transit Fare Collection	Move to FY '26	
18371	Redesign, Construction of Denver Harbor Transit Center	Move to FY '27	
New MPOID	82 Westheimer BOOST	Program in FY '29 with actual funding awarded and local match	
New MPOID	Texas Medical Center Transit Center Rehabilitation	Move to FY '26 and show \$25,000,000 local funding	

These actions will align these projects with the expected schedule for project funding obligation and, for the BOOST and Universal Accessibility projects, the decisions by Federal Highway Administration concerning federal funding eligibility under its Congestion Mitigation/Air Quality Program.

In addition to these amendments, METRO requests the addition of two locally funded, regionally significant projects to the 2025-2028 TIP and 2045 Regional Transportation Plan:

- MPD McGowen Headquarters Project and the
- Eastwood Transit Center Reconstruction

Attached is the proposed TIP summary and a project description for each project.

Please do not hesitate to contact me concerning any additional information needed for these proposed amendments. I appreciate your consideration for the earliest opportunity for approval of these amendments.

Sincerely,

A handwritten signature in black ink, appearing to read "Alan C. Clark". The signature is fluid and cursive, with the first name "Alan" being the most prominent.

Proposed McGowen MPD Headquarters Project Description

June 25, 2025

The Metropolitan Transit Authority of Harris County (METRO) proposes to renovate and repurpose an existing commercial property—formerly the Cadillac Car Dealership—into the new headquarters for the METRO Police Department (MPD). The project will support the consolidation and modernization of MPD operations in a centralized facility designed to meet current and future transit security and emergency response needs.

Support of Regional Transportation Goals

As the first goal expressed in the Regional Transportation Plan, Safety is the METRO's police department (MPD) mission. It is dedicated to providing a safe travel experience for all METRO patrons as well as travelers sharing the streets and highways used by METRO's passengers and vehicles. MPD's current headquarters will be lost due to its location within the future path of the North Canal flood control project. This project is one of the primary strategies designed to reduce flood risk at the confluence of White Oak and Buffalo Bayous by creating a new, straighter channel for the water from these two Bayous. The proposed location for the new channel will require the demolition of MPD's headquarters current facility.

Property Description

The property addresses are 2520 Main Street and 801 McGowen Street. Situated directly along METRO's Red Line and adjacent to an existing McGowen Station, the site provides excellent transit accessibility for both staff and the public. The site is also located near several major freeways, including I-10, I-45, I-69, and SH 288, offering excellent regional connectivity. This convenient access to the freeway network is ideal for METRO Police Department operations, enabling officers to efficiently reach various parts of the service area and respond quickly to incidents across the METRO service area. Its current site configuration requires no modification to entrances or exits, supporting efficient vehicle circulation and access without additional infrastructure investment.

Proposed Project Scope

The renovated facility will serve as the primary operations hub for approximately 200 officers and staff, supporting the safe and efficient operation of METRO's transit services throughout the METRO service area. The site will be designed to include the full range of functional components necessary for a modern transit police department headquarters.

NEPA Environmental Clearance

After consulting with FTA, METRO will conduct a Categorical Exclusion in accordance with the National Environmental Policy Act (NEPA) and FTA environmental requirements (49 CFR Part 622 and 23 CFR Part 771) to support the property acquisition and facility redevelopment. METRO anticipates completing the property acquisition by the end of calendar year 2025. The environmental review and due diligence processes are currently underway to support this timeline and ensure the project is eligible for future federal funding opportunities.

After the FTA clearance is received, METRO will request Letter of No Prejudice (LONP) to proceed with preliminary activities such as design, site preparation, and other eligible work necessary to maintain the project schedule prior to grant award. This project aligns with FTA priorities by enhancing the safety, security, and resilience of public transit infrastructure while supporting the long-term operational effectiveness of the METRO Police Department.

Eastwood Transit Center Reconstruction

Maintaining its assets in State of Good Repair is both a primary goal of the Metropolitan Transit Authority and the Regional Transportation Plan. METRO's Eastwood Transit Center needs rehabilitation, reconstruction and reconfiguration as necessary, of the facility including its canopy, amenities such as benches, trash receptacles, announcement boards, and signage as well as enhanced landscaping, repaving, curb repair and ADA compliance work throughout the site and at the adjoining parking lots. Security upgrades are also planned for the site. The full detailed scope of the rehabilitation is to be determined through concept development and coordination with all departments.

The goals of the rehabilitation are to:

1. **Bring the facility to a State of Good Repair.** The site is currently deemed as Marginal, where there are deteriorated components in need of replacements. This is to be accomplished by replacing the aging canopy which is showing signs of rust at critical points in the structure (to be determined through a full structural review). Replacing the amenities such as the metal benches which also have rust and pieces sticking out. Fixing some of the gates, irrigation systems and storm drains that are currently damaged.
2. **Strengthen Safety and Security.** Eastwood TC is one of the biggest transit centers in the system with 11 total bays and one of the busiest TC as well. Currently the site only has one camera which is at the mobile ridestore which is currently in place as part of the changeover to the new METRO fare system. This camera only covers the employee entrance and does not cover the whole site. As part of METRONow, safety is a primary component and as such, METRO is working to have full coverage at all METRO facilities. Additional cameras will need to be added to the facility for full site coverage.
3. **Improve access to the site for all.** Currently, the site is not ADA compliant, the ramps and curbs are severely damaged and not clearly marked. Access from the adjoining parking lots are not clearly indicated with pedestrian crosswalks and are unprotected. Full ADA compliance and pedestrian safety improvements are needed throughout the site and in the adjoining parking lots. For customers who park, the parking lots need to be repaved and restriped.
4. **Enhance the customer waiting experience.** All the amenities benches, trash receptacles, announcement boards, and signage are in need of updates. As the transit center is quite big, wayfinding and a general area for transit information with digital signage is being proposed to help customers know where their buses are at. The several announcement boards are no longer useable as they have either deteriorated or aren't secured. The landscaping in the central courtyard of the transit center is severely deteriorated.

COMMISSIONER PRECINCT 1

Fort Bend County, Texas

Vincent M. Morales, Jr.

Commissioner

June 5, 2025

Via email tipamendments@h-gac.com

Houston-Galveston Area Council
3555 Timmons Lane, Suite 120
Houston, TX 77227-2777

RE: Request for amendment and addition to FY 2025-2028 TIP and STIP

To Whom It May Concern:

Fort Bend County respectfully submits this request for amendments to the FY 2025–2028 Transportation Improvement Program (TIP) and the Statewide Transportation Improvement Program (STIP) to support the timely implementation of critical infrastructure projects within our County.

We request the following projects be placed on the upcoming TAC & TPC agendas and formally added to the TIP and STIP:

CSJ 3510-04-070

CSJ 3510-04-072

These projects are part of the State Highway 99 (Grand Parkway) frontage road initiative and are included in a consolidated environmental document. Federal requirements mandate that all projects covered under this environmental clearance must be listed in the TIP/STIP/RTP to remain eligible for federal funding. While three of the five frontage road projects are already listed, CSJs 070 and 072 remain unlisted and must be included to maintain environmental document compliance and avoid jeopardizing federal participation.

Both CSJ 070 and 072 are part of H-GAC's Project Selection Process (PSP) and were identified as High Growth Area Needs (HGAN) awardees under federally funded Category 7 Surface Transportation Block Grant (STBG) funding. These projects—designated by awardee IDs 781 and 782—were approved in the finalized February 2025 PSP. However, they have not been submitted into the TIP/STIP process. Timely inclusion is critical to meet the August 2025 STIP revision deadline and receive FHWA approval in October. Failure to meet this timeline may delay project delivery and impact regional mobility and economic development.

Should you have any questions or require additional information, please do not hesitate to contact Stacy Slawinski, County Engineer at 281-633-7508 or via email at stacy.slawinski@fortbendcountytexas.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Vincent Morales, Jr.", is written over a circular stamp that partially overlaps the signature.

Vincent Morales, Jr.

Commissioner Justin Beckendorff, Chairman
Transportation Policy Council
Houston-Galveston Area Council
3555 Timmons Lane
Houston, Texas 77027

RE: Old Conroe Road Project: MPO ID: 17101 / CSJ: 0912-37-231

Dear Chairman Beckendorff and Members of the Transportation Policy Council:

On behalf of Montgomery County, I am writing to formally request a change in the project sponsorship for the Old Conroe Road project. Montgomery County wishes to assume the role of project sponsor, replacing the City of Conroe as the official sponsor for this project.

At a meeting of the Conroe City Council on May 8, 2025¹, the council approved a Certificate of Resolution titled "A Resolution of the City Council of the City of Conroe, Texas Regarding the Cancellation and Shelving of the Old Conroe Road Project and Providing for the Redirection of Funds; Authorizing Notification to Involved Entities; Providing for an Effective Date." On a vote motioned by Mayor Pro-Tem Harry Hardman and seconded by Councilman David Hairel, the council voted with Council Members Hairel, Arthur, Hardman, and Porter voting in the affirmative and Councilman Wood voting against, to cancel and shelve this project and divert the city funds set aside for this project to other projects within the City of Conroe. The council also directed the City Administrator, Mr. Gary Scott, to make a notification to you of this action.³

¹ Please see https://destinyhosted.com/agenda_publish.cfm?id=26676&mt=ALL&vl=true&get_month=5&get_year=2025&dsp=ag&seq=153 for an agenda related to the Council workshop related to this item.

² Please see https://destinyhosted.com/agenda_publish.cfm?id=26676&mt=ALL&vl=true&get_month=5&get_year=2025&dsp=ag&seq=154 for an agenda related to the Council agenda related to this item.

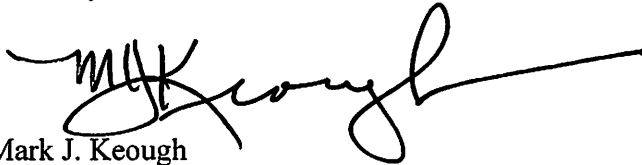

³ Please see <https://conroetx.new.swagit.com/videos/342189> beginning at 48:40 for a video of the discussion regarding this topic.

This change is intended to streamline project administration and ensure continued progress on this important transportation improvement for our region, and Montgomery County. Montgomery County is committed to providing necessary resources and oversight to advance the Old Conroe Road project in coordination with our regional partners, as well as the Texas Department of Transportation.

I respectfully request that the Transportation Policy Council take the necessary actions to recognize Montgomery County as the new project sponsor for the Old Conroe Road project. Please let me know if any additional documentation or information is required to facilitate this transaction.

Thank you for your attention and continued support of transportation initiatives in our region.

Sincerely,

A handwritten signature in black ink, appearing to read 'MK Keough', with a long horizontal flourish extending to the right.

CERTIFICATE FOR RESOLUTION

I.

On the ____ day of May, 2025, the City Council of the City of Conroe, Texas, consisting of the following qualified members, to-wit: **Duke W. Coon, Mayor; Harry Hardman, Mayor Pro Tem; Council Members, David Hairel, Shana R. Arthur, Howard Wood and Marsha Porter**, did convene in public session in the Council Chambers of the City Hall at 300 West Davis in Conroe, Texas. The roll being first called, a quorum was established, all members being present except to wit: _____. The Meeting was open to the public and public notice of the time, place and purpose of the Meeting was given, all as required by Chapter 551, Texas Government Code.

II.

WHEREUPON, AMONG OTHER BUSINESS transacted, the Council considered adoption of the following written Resolution, to-wit:

RESOLUTION NO. ____-25

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CONROE, TEXAS, REGARDING THE CANCELLATION AND SHELVEING OF THE OLD CONROE ROAD PROJECT AND PROVIDING FOR THE REDIRECTION OF FUNDS; AUTHORIZING NOTIFICATION TO INVOLVED ENTITIES; PROVIDING FOR AN EFFECTIVE DATE.

III.

Upon motion of Council Member _____, seconded by Council Member _____, all members present voted for adoption of the Resolution. A majority of those Council Members present having voted for adoption, the presiding officer declared the Resolution passed and adopted.

IV.

A true, full and correct copy of the Resolution adopted at the Meeting is attached to and follows this Certificate.

SIGNED AND SEALED this ____ day of May, 2025.

SAMI H. QUINLAN, Interim City Secretary

RESOLUTION NO. ____-25

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CONROE, TEXAS, REGARDING THE CANCELLATION AND SHELIVING OF THE OLD CONROE ROAD PROJECT AND PROVIDING FOR THE REDIRECTION OF FUNDS; AUTHORIZING NOTIFICATION TO INVOLVED ENTITIES; PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of Conroe and Montgomery County had previously identified the Old Conroe Road project as a priority infrastructure improvement, and preliminary project planning was undertaken with assistance from the Houston-Galveston Area Council (H-GAC), LJA Engineering, and Montgomery County; and

WHEREAS, the continuation and construction of the Old Conroe Road project was contingent upon a funding partnership with Montgomery County, which has not materialized; and

WHEREAS, without the participation of Montgomery County, the City finds it financially unfeasible to proceed with the project at this time; and

WHEREAS, the City recognizes the potential value of the project and is willing to revisit it if future funding opportunities become available; and

WHEREAS, bond funds were previously allocated to the Old Conroe Road project, and the City Council finds it in the best interest of the City to reallocate those funds to other necessary and eligible City projects.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CONROE, TEXAS:

Section 1. The City Council hereby cancels the active pursuit of the Old Conroe Road project due to the absence of a funding partnership with Montgomery County.

Section 2. The Old Conroe Road project shall be shelved and revisited only if sufficient funding becomes available from Montgomery County, State, Federal, or other viable sources.

Section 3. The City Administrator is hereby authorized and directed to formally notify the following entities of this decision:

- a. Houston-Galveston Area Council (H-GAC);
- b. LJA Engineering; and
- c. Montgomery County.

Section 4. The bond funds previously allocated to the Old Conroe Road project shall be redirected to other necessary and eligible City capital improvement projects, subject to compliance with bond requirements and applicable laws.

Section 5. This resolution shall be effective from adoption.
PASSED AND APPROVED this the ____ day of May, 2025.

DUKE W. COON, Mayor

APPROVED AS TO FORM:

ATTEST:

MICHAEL T. GARNER, City Attorney

SAMI H. QUINLAN, Interim City Secretary
