

A light blue map of the Houston-Galveston Area Council watershed, showing various river basins and county boundaries. The map is centered in the background of the slide.

Clean Rivers Program Basin Highlights Report

Tuesday, June 3, 2025

Basin Highlights Report

- StoryMap is under development, will be published by June 30, 2025
- PDF report is available on H-GAC's website:

H-GAC's Water Resources Information Map (WRIM)

- Updates to the WRIM coming in the late Summer-Fall 2025
 - Current WRIM
 - Inspirational template for new WRIM – SARA Water Quality Viewer

WRIM User Questionnaire →

Clean Rivers Program Basin Steering Committee

- Primary forum for discussion of various water quality issues raised through the assessment process and advises staff on all administrative matters related to the Clean Rivers Program.
- The Steering Committee:
 - sets area-wide priorities
 - provides a regional perspective and local expertise
 - disseminate information
