

Feed the earth.
Starve the
landfill.

Know your **problem.**

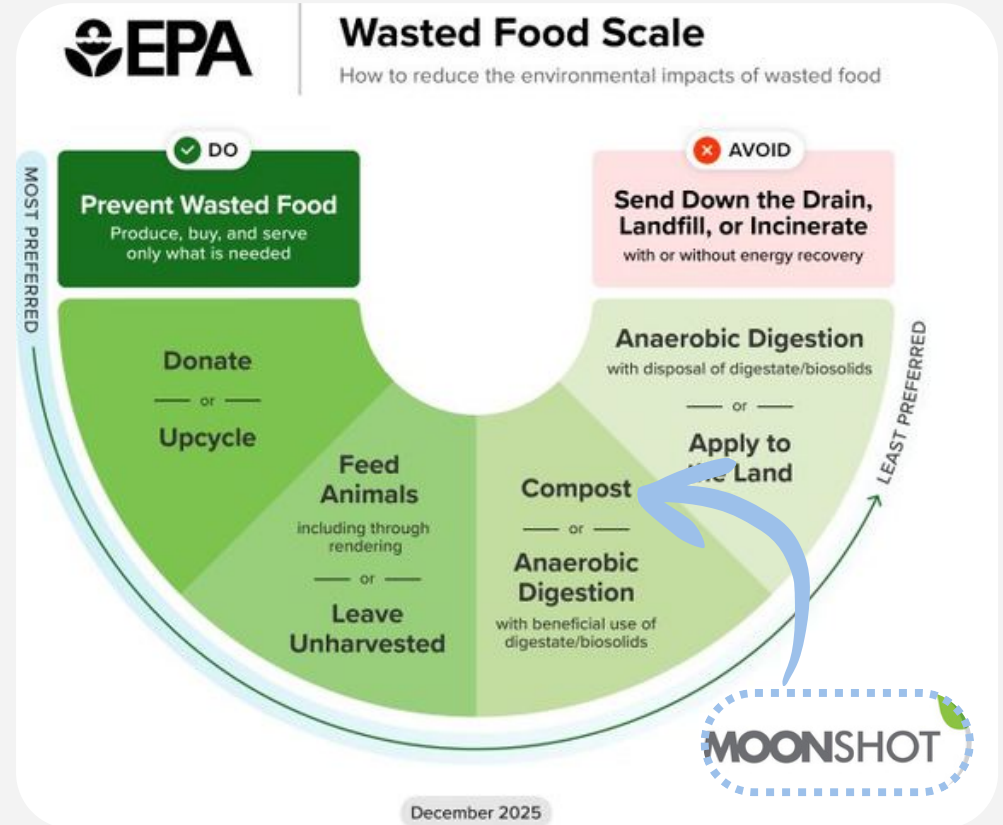

Food waste is
as plentiful
as it is harmful.

Maximizing Impact

The EPA released a [new report](#) this month, highlighting the importance of addressing the food waste problem.

- Food waste is 24% of the waste stream
- Methane from food waste is 58% of landfill methane emissions
- Methane emissions from food waste are increasing annually

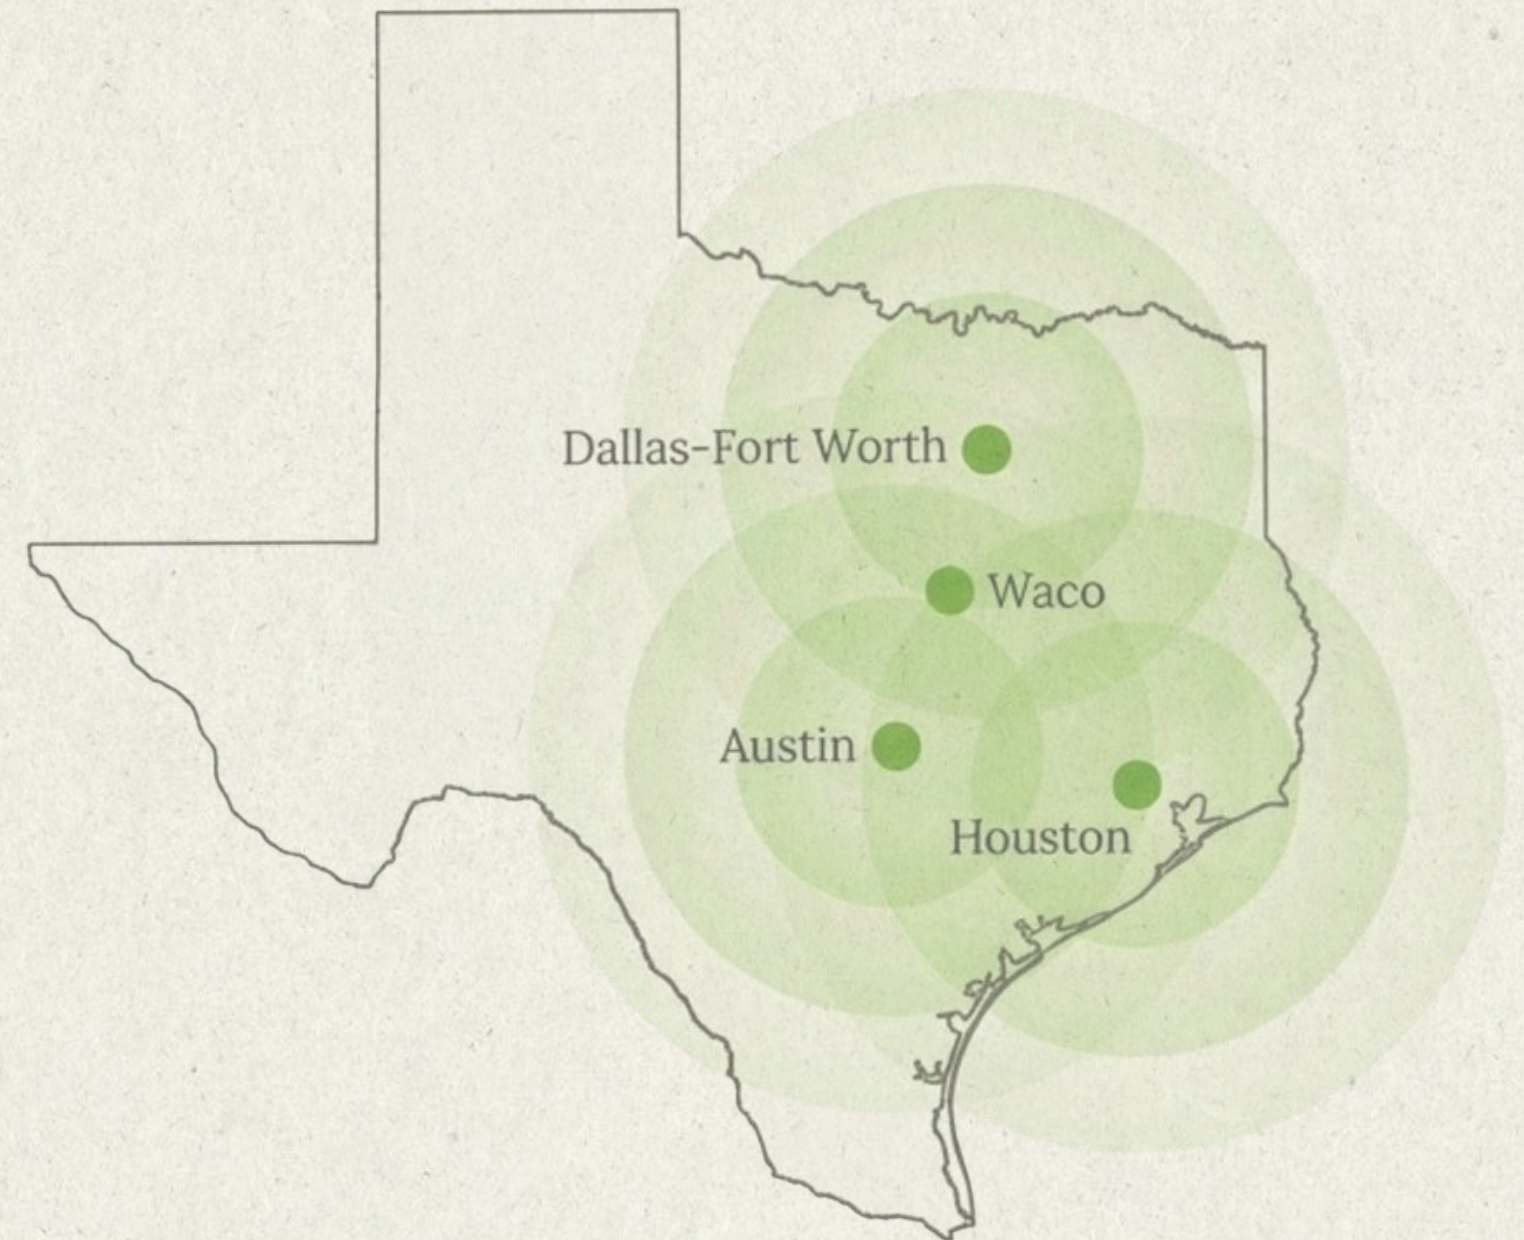

Know your **solution.**

THE MOVEMENT YOU BUILT ACROSS TEXAS

330+

COMMERCIAL PARTNERS

From hospitality groups to healthcare systems, from school districts to corporate campuses, you've shown that doing the right thing for the environment also makes business sense.

OUR COLLECTIVE ENVIRONMENTAL IMPACT IN 2025

6,066,616 lbs

**Total Pounds of Food
Waste Diverted**

4,100,585 lbs

**Total Pounds of CO2
Emissions Prevented**

16,160 lbs

**Estimated Pounds of
Finished Compost
Returned to Texas Soil**

THE SOLUTION

**To effectively operate a
diversion program means
creating a clean stream**

OUR EQUIPMENT

Clean and easy

15- or 55- gallon drums

- Soap and water wash between each pick up
- Secure lids
- Sized for easy placement

What does this all mean? **Convenient and no smells, bugs, or pests.**

55-gallon drums

(outdoor containers exchanged each pick up)

A container of fruit scraps is added to one of large compost bins in the Plano kitchen.

How to **COMPOST**

- Moonshot brings clean blue compost drums on a set schedule. Please don't fill all the way to the top for the safety of our drivers. *(see picture on the left)*
- **You can compost Food Waste.** See specifics below.
- **When in doubt, throw it out!** Please keep your compost contamination free!

YES ✓

- Fruits, Vegetables
- Beans, Nuts
- Coffee Grounds & Filters, Compostable Tea Bags,
- Breads, Crackers, Grains,
- Meat, Poultry, Seafood
- Egg Shells, Dairy Products
- Table Scraps & Plate Scrapings

NO ✗

- Glass, Metals, Plastics
- Plastic Coated Products
- Fats or Oils
- Liquids
- Latex Gloves
- Rubber Bands
- Twist Ties
- Produce Stickers

1. Weigh

2. Tip

3. Compost!

Not your
backyard
composting
pile.

Closing the loop

- Moonshot subscribers receive compost back annually
- Compost contributed to community gardens, for those subscribers who chose not to receive it

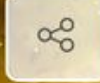

Know your **data**.

**If we can measure it,
you can change it.**

Approach to **service.**

Personalized, continuous, consultative

Everything you need to run a successful composting program, from day one through the long term.

Onboarding Training before the program begins. Site walkthrough, drum placement and setup tailored to your facility's workflow from day one.	Training On-site staff training in English and Spanish. Refresher training offered annually or on request, at no charge.	Collections Weekly scheduled pickups with sealed 55-gallon. Drums swapped for clean, washed containers at every visit.	Reporting Diversion Dashboard updated weekly. Monthly email reports with location-level weight data and environmental equivalencies.	Compost return Annual compost allotment based on account size. Unused compost is donated to community gardens.	Contamination No contamination fees. Drivers check every drum at pickup and flag any issues to your account manager.	Compostable packaging BPI-certified serviceware and packaging. Depending on if your local facility accepts it.
