² Federal Funds Obligation: The Federal government's promise to pay for the Federal share of a project's eligible cost. This commitment occurs when the project is approved and the Federal project authorization agreement is executed.

³ Advanced Construction (AC) refers to the use of non-Federal funds (local, state, etc.) to deliver a project but for which Federal reimbursement may be sought at a later date. Though no Federal funds are obligated/promised/committed at the time a project is "AC'd", Advanced Construction may be considered a *potential* claim on future Federal funds.
