

Houston-Galveston Area Council Annual Listing of Obligated Projects

Federal Aid Highway Program

FY 2025

(October 1, 2025 – September 30, 2026)

What is the Annual Project Listing or the Annual Listing of Obligated Projects?

The Annual Listing of Obligated Projects is a report that provides project-level details on the use of transportation federal funds over the course of an individual fiscal year. All projects for which additional federal funds were obligated are described in the reports, along with information on project status. These reports are required under Federal regulations governing the metropolitan transportation planning process (23 CFR §450.332) and are developed in cooperation with the Texas Department of Transportation and local public transportation operators, including the Metropolitan Transit Authority of Harris County (Houston METRO).

Federal funds obligation is the federal government's promise to pay for the federal share of a project's eligible cost. This commitment occurs when the project is approved, and a federal project authorization agreement is executed or modified.

The Annual Listing of Obligated Projects is divided into two categories: 1). Individually Listed Highway, Pedestrian and Bicycle Projects and 2). Grouped Projects. Grouped projects are smaller, similar projects like minor maintenance or safety improvements that are bundled into a single line item in the Transportation Improvement Program (TIP) or Statewide Transportation Improvement Program (STIP) to make programming and administration more efficient. This practice simplifies the budgeting and funding process for smaller, less expensive projects by grouping them by function, geographic area, or work type, instead of listing them individually.

For more information, please refer to the [STIP Handbook](#). The table below defines the column headers of the ALOP.

Column Name	Definition
FAPN	Federal Aid Project Number
CSJ	Control-Section-Job number (TxDOT-assigned unique project identifier)
MPO Project ID	Metropolitan Planning Organization-assigned unique project identifier referenced in the STIP. (not applicable for grouped projects)
Project Sponsor	Agency responsible for carrying out the project
Project Name/Facility	Name or facility of the project
Limits from	Beginning termini
Limits to	Ending termini
Project Description	Description of the work involved in the project
Funding Categories	Funding categories associated with the project
Phase of Work	Phase of work as identified in the STIP (not applicable for grouped projects) Abbreviations: C – Construction, E – Engineering, R – Right-of-Way
Federal \$ in MPO TIP	Amount of federal funds requested in the TIP (not applicable for Grouped projects)

FY 2025 Net Increase in Federal \$	Amount of federal funding obligated during FY 2025
Cumulative Obligation of Federal \$	Cumulative amount of federal funding obligated to date
Federal \$ Remaining and Available	Amount of federal funding remaining and available for subsequent years

**Summary of the FY 2025
Annual Project Listing**

Category	Number of Projects	Federal Obligation
Highway/Pedestrian/Bicycle Individually Listed Projects	22	\$319,936,988
Grouped Projects	183	\$231,581,295.13
Total	205	\$551,518,283.13
