

6B. 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM AND THE 2045 REGIONAL TRANSPORTATION PLAN - AMENDMENTS

### **BACKGROUND**

---

The 2025-2028 Transportation Improvement Program (TIP) is a four-year capital improvements program for transportation projects. Under federal rules, all federally assisted projects must be included in the TIP to be eligible for funding. In addition, federal rules require that regionally significant local projects must also be included in the TIP.

The 2045 Regional Transportation Plan (RTP) is a long-range plan that prioritizes spending on regional transportation projects including short and long-range strategies to ensure the transportation network is safe and efficient. Updated every four years, the RTP outlines a fiscally constrained transportation investment program that is based on the unique needs and characteristics of the Metropolitan Planning Area.

Amendments to the TIP and RTP are brought to the Transportation Policy Council for consideration monthly and amended in accordance with the Metropolitan Planning Organization's Public Participation Plan.

### **CURRENT SITUATION**

---

A summary of the proposed revisions to the 2025-2028 Transportation Improvement Program is included below.

- Program two Woodlands Township Federal Transit Administration (FTA) Section 5339 funded transit capital expenses (MPO ID 19562, 19563) each with \$324K of federal funding and 65K matching Transportation Development Credits (TDCs) in FY 2027 and FY 2028 at the Township's request.
- Update the FTA Section 5307 funding and matching TDCs of twelve Woodlands Township transit capital, operations and planning projects in FYs 2027-2028 (MPO IDs 19457, 19458, 19461, 19462, 19464, 19465, 19466, 19467, 19468, 19469, 19470, 19472) based on the latest cost estimates.
- Update the descriptions, FTA Sections 5307, 5337 and 5310 funding amounts, and matching TDCs, for METRO's FY 2026 placeholder projects (MPO IDs 19111, 19112, 19113, 19114, 19115, 19116, 19117, 19118, 19119) using the METRO Board of Directors January 2026 approvals.
- Rescope METRO's FTA Section 5339 funded West Belfort Park & Ride project (MPO ID 18858) for the purchase of eleven 45-foot transit buses. Split out \$5.0M of the federal funds to create a new Regional Transit Fare Collection project (MPO ID 19565) in FY 2026.
- Change the phase/task of two METRO's safety and security implementation projects (MPO IDs 19104, 19081) from 'Capital' to 'Operating' based on the Federal Transit Administration's determinations. Increase the number of TDCs per matching requirement for operating expenditures. Delay from FY 2025 to FY 2026.

- Reduce the federal Congestion Mitigation/Air Quality (CMAQ) funding of METRO's Regional Transit Fare Collection System (MPO ID 18260) from \$40.0M to \$27.0M as some of the funded activities for the program have already been implemented with other funding sources.
- Increase the federal Surface Transportation Block Grant (STBG) funding of the City of Houston's Greens Road widening project (MPO ID 5030), splitting the \$24.4M cost increase on a 50/50 basis, to cover increases incurred by complying with drainage regulations and unanticipated market inflation. Add \$9.2M of Local Contribution to fully fund the project.
- Reduce the federal/state CMAQ funding of TxDOT Houston District's BW 8 frontage road access management project in Harris County (MPO ID 18035) from \$26.9M to \$9.8M based on the latest estimate. Delay from FY 2026 to FY 2027 at the District's request.
- Delay the TxDOT Houston District's SH 36 widening project in Fort Bend County (MPO ID 263) from FY 2027 to FY 2030 in the Ten-Year Plan due to TxDOT's statewide level-letting process.
- Reduce the federal CMAQ funding of the Harris County Community and Economic Development Department's Lynchburg Ferry vessel replacement project (MPO ID 19238) from \$32.7M to \$7.5M per the program guidance received from the Federal Highway Administration. Reduce the matching TDCs to 1.5M and increase the local contribution to fully fund the acquisition.

RE: MPO ID 5030/CSJ 0912-71-836 Greens Road Reconstruction and Widening

Dear Mr. Papsdorf,

The City of Houston's Greens Road Reconstruction and Widening project has completed design and is ready for final TxDOT review prior to construction advertisement. However, the project has experienced significant unforeseen cost escalation in order to comply with drainage regulations and as a result of market inflation significantly above the historic and planned level reflected in the TPC's original funding award. An amendment was previously requested in June 2023 with participation in the Regional Strategic Transportation Fund (RSTF). Due to fiscal constraint, H-GAC has requested that the City resubmit the request without RSTF.

The projected cost at letting exceeds \$49 million with eligible participating costs totaling \$40.4 million. Consistent with the adopted Cost Overrun Policy, the City requests increased federal funding for the eligible participating costs on a 50/50 basis.

The City of Houston respectfully requests your assistance preparing an amendment to the 2025-2028 Transportation Improvement Program for the Greens Road Reconstruction and Widening project. Please see the attached exhibit with detailed information regarding this request.

Should you have any questions about this request, please contact David Wurdlow (832-395-2054 or [David.Wurdlow@houstontx.gov](mailto:David.Wurdlow@houstontx.gov)).

Sincerely,

Signed by:
