

Spring Creek Watershed Protection Plan

Watershed Area

Land Cover

Status of Spring Creek

- **Impaired** for contact recreation
 - High bacteria concentrations indicate presence of fecal waste
- **Concerns** for aquatic life
 - Low dissolved oxygen
 - Excess nitrogen and phosphorous

Watershed Protection Plan

The TCEQ and H-GAC are establishing a watershed partnership to develop a **Watershed Protection Plan (WPP)** which will be:

- Non-regulatory
- A guide to addressing water quality concerns, estimating a timeline for progress and identifying helpful resources
- A vehicle for attracting funding
- **Led by a local stakeholder partnership**

Watershed Partnership

Project Timeline

Public Meeting

We invite you to join the first public meeting for the project which will be hosted virtually on

Wednesday, July 29th
2:00 - 4:00 pm.

For registration details, please visit our website:
