**AIR GRANTS UPDATES**  
**FEBRUARY 2021**

Texas Emissions Reduction Plan (TERP)

- The Texas Natural Gas Vehicle Grant Program is open through February 26, 2021, with \$6.4 million in grant funds available to replace or upgrade heavy and medium-duty on-road vehicles.
- This spring, TCEQ will open the Governmental Alternative Fuel Fleets program to assist eligible applicants in purchasing or leasing new motor vehicles that operate primarily on compressed natural gas, liquefied natural gas, liquefied petroleum gas, hydrogen fuel cells, or electricity. The program will also provide grants to assist eligible applicants in the installation of refueling infrastructure for grant-funded vehicles.
- Keep updated on all programs by visiting the TERP website at [www.terpgrants.org](http://www.terpgrants.org). Questions about any of the TERP programs can be e-mailed to [terp@tceq.texas.gov](mailto:terp@tceq.texas.gov).

Texas Volkswagen Environmental Mitigation Plan (TxVEMP) Program

- The TxVEMP program for the purchase of Zero Emission Vehicle (ZEV) Level 2 charging stations remains open until September 9, 2021. Eligible projects must provide charging services to public places, workplaces, or multi-unit dwellings. This grant round will provide up to \$2,500 per ZEV level 2 dual-pedestal charging station.
  - This is a statewide program with approximately \$10.3 million in available funding remaining.
  - Eligible projects will be processed for approval on a first-come, first served basis.
- Visit [www.txvwfund.org](http://www.txvwfund.org) to stay updated on future grant rounds and to find eligibility requirements, grant materials, and project summary reports.
- Contact TxVEMP staff by phone at (833) 215-TXVW (8989) or by email at [VWsettle@tceq.texas.gov](mailto:VWsettle@tceq.texas.gov).
