

5B. AMENDMENTS TO THE 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM AND
THE 2045 REGIONAL TRANSPORTATION PLAN

BACKGROUND

The 2025-2028 Transportation Improvement Program (TIP) is a four-year capital improvements program for transportation projects. Under federal rules, all federally assisted projects must be included in the TIP to be eligible for funding. In addition, federal rules require that regionally significant local projects must also be included in the TIP.

The 2045 Regional Transportation Plan (RTP) is a long-range plan that prioritizes spending on regional transportation projects including short and long-range strategies to ensure the transportation network is safe and efficient. Updated every four years, the RTP outlines a fiscally constrained transportation investment program that is based on the unique needs and characteristics of the Metropolitan Planning Area.

Amendments to the TIP and RTP are brought to the Transportation Policy Council for consideration monthly and amended in accordance with the Metropolitan Planning Organization's Public Participation Plan.

CURRENT SITUATION

A summary of the proposed revisions to the 2025-2028 Transportation Improvement Program is included below.

- Remove all Category-2 and Category-4 funding from TxDOT Houston District's IH 69 South reconstruction and widening project (MPO ID 155), add \$234M of state Category-12 'Clear Lanes' funds, and delay it to FY 2028 to match the Texas Transportation Commission approved FY 2026 TxDOT Unified Transportation Program (UTP).
- Remove all Category-2 and Category-4 funding from TxDOT Houston District's SH 35 frontage road construction project (MPO ID 210) and add \$50M of federal/state Category-12 'Strategic Priority' funds to match the FY 2026 UTP.
- Delay TxDOT Houston District's FM 523 reconstruction and widening project (MPO ID 512) to FY 2030 due to the District's 'Budget Leveling' process which reduced Category-11 funding in FY 2027.
- Remove all Category-2 funding from TxDOT Houston District's SH 332 widening project (MPO ID 525) and delay it from FY 2028 in the TIP to FY 2037 of the Regional Transportation Plan to match the FY 2026 UTP.
- Remove all Category-4 funding and adjust the amounts of Category-2 and Category-12 'Strategic Priority' funds for TxDOT Houston District's IH 10 West reconstruction and widening project (MPO ID 10334) to match the FY 2026 UTP.
- Add \$30M of federal/state Category-4 funding to TxDOT Houston District's IH 10 reconstruction project (MPO ID 19025) to match the FY 2026 UTP.

- Add \$23.2M of federal/state Category-4 funding to TxDOT Houston District's IH 10 realignment and reconstruction project (MPO ID 19026) to match the FY 2026 UTP.
- Program the North Central Texas Council of Government's construction and operation of the Texas Hydrogen Freight Truck Refueling Station on IH-10 West in Brookshire, Texas (MPO ID 19555) in FY 2027 with \$13.0M of federal Category-10 (Miscellaneous) and matching funds from Pilot Travel Centers, LLC.
