AMENDMENTS TO THE 2023-2026 TRANSPORTATION IMPROVEMENT PROGRAM AND THE 2045 REGIONAL TRANSPORTATION PLAN

BACKGROUND

The 2023-2026 Transportation Improvement Program (TIP) is a four-year capital improvements program for transportation projects. Under federal rules, all federally assisted projects must be included in the TIP to be eligible for funding. In addition, federal rules require that regionally significant local projects must also be included in the TIP.

The 2045 Regional Transportation Plan (RTP) is a long-range plan that prioritizes spending on regional transportation projects including short and long-range strategies to ensure the transportation network is safe and efficient. Updated every four years, the RTP outlines a fiscally constrained transportation investment program that is based on the unique needs and characteristics of the MPO region. Amendments to the TIP and RTP are brought to the Transportation Policy Council for consideration monthly and amended in accordance with the H-GAC Public Participation Plan.

CURRENT SITUATION

A summary of the modifications to the 2023-2026 TIP are included for information below.

- Correct the 'Year-of-Expenditure' Cost from \$14,013,460 to \$15,299,587 for the City of Webster's NASA Road 1 Bypass extension project (MPO ID 17081/CSJ 0912-72-541).
- Change the authorized phase from 'Construction' to 'Transfer' and change the Control-Section-Job number from 0912-00-623 to 0912-72-623 for the Surface Transportation Block Grant (STBG) funded METRO Star Vanpool project (MPO ID 18357/CSJ 0912-72-623) to allow the funding to be transferred to the Federal Transit Administration.
- Change the authorized phase from 'Construction' to 'Transfer' the Congestion Mitigation/Air Quality (CMAQ) funded METRO Regional Vanpool project (MPO ID 18363/CSJ 0912-00-635) to allow the funding to be transferred to the Federal Transit Administration.
