

6. AMENDMENTS TO THE 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM AND THE 2045 REGIONAL TRANSPORTATION PLAN

BACKGROUND

The 2025-2028 Transportation Improvement Program (TIP) is a four-year capital improvements program for transportation projects. Under federal rules, all federally assisted projects must be included in the TIP to be eligible for funding. In addition, federal rules require that regionally significant local projects must also be included in the TIP.

The 2045 Regional Transportation Plan (RTP) is a long-range plan that prioritizes spending on regional transportation projects including short and long-range strategies to ensure the transportation network is safe and efficient. Updated every four years, the RTP outlines a fiscally constrained transportation investment program that is based on the unique needs and characteristics of the MPO region.

Amendments to the TIP and RTP are brought to the Transportation Policy Council for consideration monthly and amended in accordance with the H-GAC Public Participation Plan.

CURRENT SITUATION

A summary of the proposed revisions to the 2025-2028 Transportation Improvement Program is included below.

- Add \$26.1M of Surface Transportation Block Grant (STBG) funding to Harris County MUD 500's (municipal utility district) FY 2026 Greenhouse Road underpass at US 290 and Union Pacific Railroad construction project (MPO ID 18052) to fund a more detailed design which includes replacement of the existing US 290 main lanes bridge. Harris County MUD 500 will provide \$6.5M of matching funds.
- Add \$9.0M of STBG funding to City of Houston's FY 2025 Shepherd-Durham Corridor reconstruction project (MPO ID 18417) to cover inflation due to market conditions and compliance with new drainage regulations. Matching these funds with 11.8M Transportation Development Credits will reflect participation in the Regional Strategic Transportation Fund.
- Delay four TxDOT Houston District roadway construction projects in the long-range portion of the 2045 RTP (MPO IDs 261, 7562, 10114, 17234) to FY 2036 for various environmental reasons at TxDOT's request.
- Program METRO's \$7.1M FY 2022 Federal Transit Administration (FTA) apportionment of Section 5339, Bus and Bus Facilities Program, for the purchase of eight 45-foot buses (MPO ID 19417) in FY 2025 with 1.4M Transportation Development Credits in lieu of matching funds.
- Program two of METRO's FY 2024 FTA Section 5310, American Disabilities Act Access Improvements projects (MPO ID 18972, Memorial Height; MPO ID 18973, Cherryhurst) in FY 2025 which were inadvertently not carried over into the 2025-2028 TIP.
- Program the East End District's FY 2024 FTA Section 5310, American Disabilities Act Access Improvements project (MPO ID 18970) in FY 2025 which was inadvertently not carried over into

the 2025-2028 TIP.

- Update the description and limits of TxDOT Houston District’s SH 6 advanced right-of-way acquisition project (MPO ID 18993) in coordination with the Federal Highway Administration to lift a Statewide Transportation Improvement Program ‘exception’ (hold).

ACTION REQUESTED

Transportation Advisory Committee recommendation for Transportation Policy Council approval of Resolutions 2025-10 and 2025-11.

Resolution

NO. 2025-10

AUTHORIZING AMENDMENTS OF THE 2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM (TIP) AND THE 2045 REGIONAL TRANSPORTATION PLAN (RTP) FOR THE HOUSTON-GALVESTON METROPOLITAN PLANNING AREA

WHEREAS, the 2045 Regional Transportation Plan was adopted by the Transportation Policy Council on May 19, 2023; and

WHEREAS, the 2025-2028 Transportation Improvement Program for the Houston-Galveston Metropolitan Planning Area was adopted by the Transportation Policy Council on June 28, 2024; and

WHEREAS, the proposed revisions to the 2025-2028 Transportation Improvement Program are consistent with the 2045 Regional Transportation Plan and its finding of conformance with the State Implementation Plan for air quality; and

WHEREAS, the proposed revisions to the 2025-2028 Transportation Improvement Program are consistent with the federal fiscal constraint requirements established for the Transportation Improvement Program and are consistent with the financially constrained 2045 Regional Transportation Plan.

NOW, THEREFORE, BE IT RESOLVED BY THE TRANSPORTATION POLICY COUNCIL (TPC) FOR THE HOUSTON-GALVESTON METROPOLITAN PLANNING AREA THAT THE 2025–2028 TRANSPORTATION IMPROVEMENT PROGRAM AND THE 2045 REGIONAL TRANSPORTATION PLAN BE AMENDED TO REFLECT THE REVISIONS IDENTIFIED IN THE TABLE OF **MARCH 2025 TPC AMENDMENTS**.

BE IT FURTHER RESOLVED THAT FEDERAL FUNDS AUTHORIZED BY THE TPC FROM THE CONGESTION MITIGATION AND AIR QUALITY (CMAQ) AND SURFACE TRANSPORTATION BLOCK GRANT (STBG) PROGRAMS REPRESENT A LIMITING AMOUNT. ANY COST OVERRUNS ON PHASES OF WORK AUTHORIZED BY THE TPC OR COSTS INCURRED ON PHASES OF WORK NOT AUTHORIZED BY THE TPC SHALL BE THE RESPONSIBILITY OF THE PROJECT SPONSOR. IN NO CASE, SHALL FEDERAL PARTICIPATION UNDER THE CMAQ AND STBG PROGRAMS BE INCREASED WITHOUT CONSULTATION AND THE EXPRESS APPROVAL OF THE TPC.

PASSED AND APPROVED this 28th day of March 2025, at a regularly called meeting of the Transportation Policy Council.

APPROVED:

ATTEST:

Hon. Justin Beckendorff, Chairman
Transportation Policy Council

Hon. Lesley Briones, Secretary
Transportation Policy Council

Resolution

NO. 2025-11

APPROVING THE AWARD OF TRANSPORTATION DEVELOPMENT CREDITS (TDCs) AND AUTHORIZING RELATED AMENDMENTS TO THE *2025-2028 TRANSPORTATION IMPROVEMENT PROGRAM (TIP)*, AND THE *2045 REGIONAL TRANSPORTATION PLAN (RTP)* FOR THE HOUSTON-GALVESTON METROPOLITAN PLANNING AREA.

WHEREAS, Texas Administrative Code, Title 43 Subchapter H, identifies the purpose, goals, and administrative requirements for the Transportation Development Credit Program in the State of Texas, including the sub-allocation of credits to Metropolitan Planning Organizations (MPOs); and

WHEREAS, the Texas Department of Transportation has documented the current balance of credits allocated to H-GAC, the MPO for the Houston-Galveston Transportation Planning Area; and

WHEREAS, Texas Administrative Code, Title 43 §5.106, establishes requirements for the award of transportation development credits by MPOs; and

WHEREAS, the Houston-Galveston Area Council has established a documented process for the evaluation of applications and the award of credits; and

WHEREAS, the Houston-Galveston Area Council is in receipt of requests for credits; and

WHEREAS, the award of credits for these purposes is consistent with the Policy governing the consideration of requests for credits adopted by the Policy Council on November 20, 2020.

NOW, THEREFORE, BE IT RESOLVED BY THE TRANSPORTATION POLICY COUNCIL (TPC) FOR THE HOUSTON-GALVESTON METROPOLITAN PLANNING AREA THAT TRANSPORTATION DEVELOPMENT CREDITS BE MADE AVAILABLE TO THE PROJECTS IN THE ATTACHED TABLE# 1 AND THAT THE TRANSPORTATION DIRECTOR IS DIRECTED TO ENTER INTO ANY NECESSARY PROJECT AGREEMENTS.

PASSED AND APPROVED this 28th day of March 2025, at a regularly called meeting of the Transportation Policy Council.

APPROVED:

ATTEST:

Hon. Justin Beckendorff, Chairman
Transportation Policy Council

Hon. Lesley Briones, Secretary
Transportation Policy Council

Houston, Texas 77027

Re: APP ID 232; Greenhouse/Skinner Road Underpass at UPRR & US 290
Request for Amendment of 2018 TIP Award
EHRA Project No. 131-065-00

Dear Mr. Raborn:

BACKGROUND

The above-referenced project was approved for TIP funding by the TPC in the 2018 Call for Projects and was estimated at \$30,000,000. Harris County MUD No. 500 is the sponsor. The project is scheduled to go to construction in the 3Q of 2025 and is to be funded with STBG funds.

The project was last estimated in 2022 to cost \$43,380,000 including a 20% local participation amount. We were just receiving concept approval from TxDOT and UPRR at the time of the previous cost estimate.

Consequently, as we rapidly move to 90% completion of our construction plans, we have prepared a revised cost summary for the 60% complete design stage as follows:

Estimated Construction Subtotal	\$66,072,000	
Contingencies	<u>\$9,911,000</u>	
TOTAL	\$75,983,000	(use \$76,000,000)

ANALYSIS

Though the project has been developed in accordance with all technical criteria, during the preparation of 60% complete plans the reviewing authorities expressed discomfort with the proposed design for the crossing beneath the mainlanes of US 290. The columns near the south frontage road must be strengthened due to the adjacent 17-foot deep excavation needed for the underpass. Underpinning designs for the columns were presented and discussed, but ultimately not approved.

Mr. Craig Raborn

August 12, 2024

Page 2

Through ongoing discussions with reviewing authorities, we were steered to an alternate design - the replacement of the existing US 290 mainlanes bridge. The approving agency preferred design with associated traffic control amounts to an additional \$14,000,000 cost increase compared to the 2022 cost estimate.

Also, as you know the region has experienced significant escalations in construction costs post-COVID. In fact, the Construction Cost Index has increased 40% since the inception of this project in 2018. In addition, more detailed design has added even more cost. Both of these items add another \$14,700,000 compared to the 2022 cost estimate. The remainder of the cost increase is reflected in the contingencies of \$3,300,000.

The included Attachment A – Cost Estimate Update, explains the major cost items that have increased. And Attachment B – 60% Submittal Cost Estimate, provides the current detailed cost estimate for your review.

REQUEST

Harris County MUD No. 500 respectfully requests that the project funding award be increased to an overall budget of \$76,000,000 which still includes a 20% local participation amount.

Your consideration of the above request is greatly appreciated.

Sincerely,

Truman Edminster

Truman C. Edminster, P.E.

TCE/sf

Cost Estimate Update

	2022 TIP Estimate	2024 Estimate	Difference
Estimated Construction Cost Subtotal with Mobilization	\$36,810,000	\$66,642,000	\$29,262,000
Contingencies	\$6,570,000	\$9,911,000	\$3,341,000
Estimated Construction Total	\$43,380,000	\$75,983,000 Use \$76,000,000	\$32,603,000

Summary of Cost Increases	
Roadway/Bridge	\$13,776,000
Traffic Control	\$123,000
Traffic Signal	\$184,000
CTMS	\$431,000
Drainage	\$4,706,000
Pump Station	\$2,377,000
UPRR	\$6,623,000
Miscellaneous Items	\$1,042,000
Contingencies	\$3,341,000
Total with Contingencies	\$32,603,000

***Note: Prices include mobilization**

SUMMARY OF COST INCREASES

Roadway/Bridge - \$12,015,410 + 8% Roadway/10% Bridge Mobilization ≈ \$13,776,000

- a. TxDOT Comment – Comments from TxDOT or TxDOT design preferences.
 - i. Preparing ROW – ROW to be quantified differently by TxDOT. Unit price increased. Increase from \$243,200 to \$550,000 = \$306,800
 - ii. Concrete Pavement – TxDOT Comment for 10" to 11" concrete. Increase from \$1,298,820 to \$1,571,688 = \$272,868
 - iii. Riprap – TxDOT comment to reduce maintenance. Increase from \$205,000 to \$422,100 = \$217,100
 - iv. US 290 Bridge Replacement & Traffic Control – TxDOT comment to change construction methodology to more conventional methodology - \$13,080,561
 - v. Drill Shafts – Retaining wall reduction due to methodology change – decrease from \$4,450,000 to \$1,323,530 = (\$3,126,470)
- b. Unit Price Changes - Unit Price increase or decrease.
 - i. Removing Stabilized Base – Increase from \$83,490 to \$201,465 = \$117,975
 - ii. Embankment – Increase from \$50,000 to \$90,000 = \$40,000
 - iii. Lime & Lime Treatment – Increase from \$314,159 to \$436,705 = \$122,546
 - iv. MSE/Soil Nail Walls -Unit cost increase from \$1,506,600 to \$2,348,780 = \$609,030
- c. More Detailed Design
 - i. Excavation – Unit Price increase & more detailed modeling. Increase from \$1,500,000 to \$1,875,000 = \$375,000
- d. Mobilization - \$2,241,336

Attachment A

US 290 at Greenhouse

Cost Estimate Update

Traffic Control - \$114,172 + 8% Mobilization ≈ \$123,000

- a. More Detailed Design
 - i. Traffic Control More detailed design and item breakdown – Increase from \$259,910 to \$374,082 = \$114,172
- b. Mobilization - \$8,828

Traffic Signal - \$170,447 + 8% Mobilization ≈ \$184,000

- a. More Detailed Design
 - i. Traffic Signal – Design changes due to bridge work changes and more detailed design. Increase from \$500,000 to \$670,447 = \$170,447
- b. Mobilization - \$13,553

CTMS - \$399,266 + 8% Mobilization ≈ \$431,000

- a. More Detailed Design
 - i. CTMS – Design changes due to bridge work changes and more detailed design. More conduit and box impacts. Increase from \$15,000 to \$414,266 = \$399,266
- b. Mobilization - \$31,734

Drainage - \$4,357,239 + 8% Mobilization ≈ \$4,706,000

- a. TxDOT Comment – Comments from TxDOT or TxDOT design preferences
 - i. Structural Excavation/Cement Stabilized Backfill- Specification allows item to be subsidiary or paid separately. TxDOT requested to quantify separately = \$1,567,739
- b. Unit Price Changes – Unit Price increase or decrease.
 - i. Drainage, 12x10 RCB unit price increase. – Increase from \$4,222,000 to \$7,011,500 = \$2,789,500
- c. Mobilization - \$348,761

Pump Station - \$2,201,000 + 8% Mobilization ≈ \$2,377,000

- a. More Detailed Design
 - i. Stormwater Pump Station – More detailed design and unit price increases. Increase from \$5,266,000 to \$7,467,000 = \$2,201,000
- b. Mobilization - \$176,000

UPRR - \$6,021,000 + 10% Mobilization ≈ \$6,623,000

- a. UPRR Comment - Comments from UPRR or UPRR design preferences.
 - i. UPRR retaining wall upsized due to RR loading. More detailed quantity take off from 30% estimate. Structural steel unit price increase. Track construction price increase due to more detailed design. - Increase from \$10,529,000 to \$16,550,000 = \$6,021,000
- b. Mobilization - \$602,000

SPEC	ITEM	ITEM DESCRIPTION	UNIT	UNIT PRICE	QUANTITY	COST

RE: MPO ID 18417/CSJ 0912-72-616 Shepherd-Durham Corridor Reconstruction Project, Cost Escalation and Regional Strategic Transportation Fund Adjustments

Asst. Directors Isbell and Owens:

The City of Houston, in close coordination with the Memorial Heights Redevelopment Authority (MHRA) and Texas Department of Transportation Houston District, has been developing the Shepherd-Durham Corridor Reconstruction project since the Transportation Policy Council's award in 2020. The project, which is the second phase of improvements in the corridor building on MHRA's successful FY19 USDOT BUILD grant work, was originally programmed in the Transportation Improvement Program (TIP) with an eligible participating cost of \$50M and federal share of \$40M.

Since that time, market conditions and compliance with new drainage regulations have driven the cost of transportation infrastructure construction well above historic and planned levels of inflation. Indeed, TxDOT's Highway Cost Index has increased by over 75% between January 2020 and January 2025. Despite significant value engineering and risk management the construction bids received by the City for the Shepherd-Durham project on January 16, 2025 are reflective of these pricing pressures.

At this time, the project engineer-of-record has reviewed the submitted bids and recommended award to the lowest bidder, and the City is working with TxDOT to secure their concurrence prior to taking the contract to City Council for award. The current projected construction cost, inclusive of necessary soft costs and detailed in the attached, totals \$76.7 million with eligible participating costs totaling \$58.9 million. Consistent with the adopted Cost Overrun Policy, the City respectfully requests increased federal funding for the eligible participating costs on an 80/20 basis.

In addition, the City is excited to partner with H-GAC in establishing the Regional Strategic Transportation Fund (RSTF), and a TIP amendment is required to adjust project funding to recognize the use of Transportation Development Credits (TDCs) on this project, as authorized by the H-GAC Board. As proposed, the City would contribute \$5.9 million to capitalize the RSTF and perform an additional \$5.9 million of identified transportation improvements.

The City respectfully requests your assistance in preparing an amendment to the 2025-2028 Transportation Improvement Program for that reflects the proposed cost sharing and award of TDCs. Please see the attached exhibit with detailed information regarding this request.

Should you have any questions about this request, please contact David Wurdlow (832-395-2054 or David.Wurdlow@houstontx.gov).

Sincerely,

DocuSigned by:

RE: FY22 5339 TIP/STIP Amendment

METRO requests consideration for an amendment to the 2025-2028 Transportation Improvement Program (TIP) and 2045 Regional Transportation Plan Update to include a project for purchase of eight (8) 45-foot buses as detailed in the attachment. These buses will be purchased using FY 2022 5339 Transit Formula Funds. An application for Transportation Development Credits (TDCs) will be separately submitted to support this project upon assignment of an MPOID by your staff.

This project is scheduled to be initiated in FY 2025. Therefore, I appreciate action on this request at your earliest convenience. For questions or additional information, please contact Bryan Carroll at 713-615-6423 or via email at bryan.carroll@ridemetro.org.

Sincerely,

Alan Clark

H-GAC Transportation Development Credits Application

Application ID	25235
Submitted By	David Wurdlow
Email Address	david.wurdlow@houstontx.gov
Phone Number	832-395-2054
Sponsor Name	City of Houston
MPO ID	18417
TIP Project Description	RECONSTRUCT ROADWAY AND VARIOUS CROSS STREETS (11TH, 12TH, 14TH ST. AT VARIOUS LIMITS) INCLUDING RE-CONFIGURATION OF TRAVEL LANES FROM 4 TO 3, INTERSECTIONS, ADDITION OF BIKE FACILITIES AND PEDESTRIAN INFRASTRUCTURE.
Is this project currently in the TIP?	Yes
TIP Year	2025
Roadway, Transit, or Other Project?	Roadway Project
Explain and document how state or local matching funds will be reinvested in transportation projects within the 8 - county MPO region and are consistent with the RTP.	In addition to the contribution of local funds to the Regional Strategic Transportation Fund, the City of Houston will reinvest \$5.895 million (equivalent to the other 10% of required non-federal match) in the rehabilitation of thoroughfares benefiting regional travel. (N.B. The local funds available to the City for investment in streets are dedicated by City Charter and cannot be directed to another purpose.)
TDC Priority	Other Regionally Significant Project
Please explain how the use of TDCs will help meet the priority established for this project.	Award of TDCs will enable a City of Houston contribution of \$5.895 million (equivalent to 10% of federal eligible project costs) to the H-GAC Regional Strategic Transportation Fund. Capitalizing the RSTF will provide non-federal funds to support the activities established by the Transportation Policy Council in the TDC Policy and Procedures.
Federal Cost	\$58,950,000
TDC Request	11,790,000
Please explain the reason for the change in the TDC Request amount.	Participate in capitalizing the RSTF, as approved by TPC and the H-GAC Board.
Date Submitted	2/6/25

H-GAC Transportation Development Credits Application

Application ID	26256
Submitted By	Alan Clark
Email Address	ac27@ridemetro.org
Phone Number	832-942-4180
Sponsor Name	Metropolitan Transit Authority of Harris County
MPO ID	19417
TIP Project Description	Purchase eight (8) 45' replacement buses with FTA Section 5339 funding.
Is this project currently in the TIP?	No
Is this project currently in the RTP?	Yes
Roadway, Transit, or Other Project?	Transit Project
Transit Project Type	Capital
Explain and document the effect the TDC's will have on local and non-federal funding support for existing transit services.	TDCs will enable METRO to utilize its non-federal revenue for unreimbursed operating and capital expenses.
TDC Priority	Support of Federal Transit Funding
Please explain how the use of TDCs will help meet the priority established for this project.	This investment will support the reliability of the Metropolitan Transit Authority vehicle fleet. Last year the METRO fleet failed to meet the target for the average age of its bus fleet.
Federal Cost	\$7,095,623
TDC Request	1,419,125
Date Submitted	3/10/25
