

# **Houston-Galveston Area Council Annual Listing of Obligated Projects**

Federal Aid Highway Program

FY 2024

(October 1, 2023 – September 30, 2024)

## What is the Annual Project Listing or the Annual Listing of Obligated Projects?

The Annual Listing of Obligated Projects provide project-level details on the use of transportation federal funds over the course of an individual fiscal year. All projects for which additional federal funds were obligated are described in the reports, along with information on project status. These reports are required under Federal regulations governing the metropolitan transportation planning process (23 CFR §450.332) and are developed in cooperation with the Texas Department of Transportation and local public transportation operators, including the Metropolitan Transit Authority of Harris County (Houston METRO).

Federal funds obligation is the federal government's promise to pay for the federal share of a project's eligible cost. This commitment occurs when the project is approved, and a federal project authorization agreement is executed or modified.

The Annual Listing of Obligated Projects is divided into three categories: Highway, Pedestrian/Bicycle, and Grouped Projects. Grouped projects are smaller, similar projects like minor maintenance or safety improvements that are bundled into a single line item in the Transportation Improvement Program (TIP) or Statewide Transportation Improvement Program (STIP) to make programming and administration more efficient. This practice simplifies the budgeting and funding process for smaller, less expensive projects by grouping them by function, geographic area, or work type, instead of listing them individually.

### Summary of the FY 2024 Annual Project Listing

Category	Number of Projects	Federal Obligation
Highway	30	\$315,846,277
Pedestrian/Bicycle	2	\$6,092,601
Grouped	69	\$93,536,442
Total	101	\$415,475,320
