

7. APPROVAL OF TITLE VI PROGRAM

Background

The Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in any program or activity administered by recipients of Federal financial assistance. Discrimination includes the denial of meaningful access for persons with limited proficiency in the English language. As a condition for receiving Federal financial assistance, the Federal Transit Administration (FTA) and the Federal Highway Administration (FHWA) require H-GAC to adopt a Title VI Program every three years. H-GAC's 2021 triennial Title VI Program update documents that the agency is in full compliance with the U.S. Department of Transportation's Title VI nondiscrimination regulations.

Current Situation

H-GAC's 2021 triennial Title VI Program update includes:

- A nondiscrimination policy statement;
- Notice to the public of their rights under the Title VI statute;
- A Public Participation Plan;
- A plan to accommodate persons with limited English communication skills;
- An updated demographic profile of the region;
- A description of Environmental Justice provisions;
- Measures to assess regional equity in the impact of transportation; and
- Procedures for the submission and resolution of Title VI complaints.

Two virtual public meetings were conducted on July 22 to present information on the draft of the Title VI report and receive public comments. A public comment period was open between July 12 and August 11. The public comments received through the process and responses are available at the following [website](#). Upon the TAC recommendation and TPC approval of the draft, the document will be submitted to TxDOT, FHWA, and FTA. The full document can be found on the H-GAC website at: h-gac.com/title-vi-program
