

RESOLUTION IN RECOGNITION OF MAY AS BIKE MONTH

Background

The League of American Bicyclists established May as National Bike Month in 1956 to promote the benefits of bicycling. To encourage people to try commuting by bike, the organization has designated May 5th as Bike to School Day and May 17th through May 23rd as National Bike to Work Week. Several agencies and organizations within the Houston-Galveston Transportation Management Area have activities planned during National Bike Month. H-GAC is supporting these activities through coordinating initiatives and marketing and promotion.

Current Situation

H-GAC staff will conduct and support Bike Month activities. Activities include a regional kick-off webinar and a closing ceremony; free online Bicycling Education Safety classes; marketing materials for the employers and others in the region, and more. The adoption of the attached Resolution 2021-13 recognizes May as Bike Month in the Houston-Galveston region. The Resolution celebrates the efforts H-GAC and its member governments have undertaken to make biking safe, convenient, and comfortable for people of all ages and abilities.
