Re: FM 830 Widening

Dear Mr. Clark,

The Howard Hughes Corporation has been working to develop the Woodland Hills master planned community, which will feature 1,300 acres of sustainable mixed use development adjacent to FM 830. In 2014 the Howard Hughes Corporation indicated our support for the widening of FM 830, and our willingness to financially participate in the project to provide funding the associated environmental and design costs. We are still committed to this level of collaboration to allow this project to proceed. We are hopeful that this public-private partnership can extend to H-GAC and FHWA so that this important congestion management project can be completed.

Sincerely,

Heath Melton
Vice President
Howard Hughes Corporation

Re: Support for Transportation Improvement Program Project Request by the City of Conroe

Dear Mr. Clark,

I am pleased to offer this letter supporting the City of Conroe in their pursuit of funding through the 2018 Houston-Galveston Area Council Transportation Improvement Program (TIP) for the FM 830 Widening Project. This project is the culmination of a planning effort aimed at: reducing congestion and delay; improving vehicular and pedestrian safety, air quality, vehicular and pedestrian connectivity, and state of good repair; increasing capacity; and generating economic benefit. If the City of Panorama Village can further support this project, please feel free to contact my office at 936-856-2821

Sincerely,

A handwritten signature in blue ink, appearing to read "Lynn Scott", is written over the typed name.

Re: Support for Transportation Improvement Program Request by the City of Conroe / TxDOT

Dear Mr. Clark,

I am pleased to offer this letter supporting the City of Conroe and the Texas Department of Transportation in their pursuit of funding through the 2018 Houston-Galveston Area Council Transportation Improvement Program (TIP). With the requested funding support, TxDOT and the City of Conroe plan to jointly complete the widening of FM 830, from SH 75 to Old Montgomery Road. This project is the culmination of a multi-year planning effort aimed at reducing congestion, supporting area economic development, and improving safety for motorists

If I can further support this project, then please feel free to contact my office at 936-539-7815.

Sincerely,

A handwritten signature in blue ink that reads "Mike Meador".

Re: Support for Transportation Improvement Program Project Request by the City of Conroe

Dear Mr. Clark,

I am pleased to offer this letter supporting the City of Conroe in their pursuit of funding through the 2018 Houston-Galveston Area Council Transportation Improvement Program (TIP) for the FM 830 Widening Project. This project is the culmination of a planning effort aimed at: reducing congestion and delay; improving vehicular and pedestrian safety, air quality, vehicular and pedestrian connectivity, and state of good repair; increasing capacity to accompany recent Willis Independent School District school construction and growth and anticipated traffic load due to the The Woodlands Development Company new Woodland Hills planned development; and generating economic benefit. If we can further support this project, please feel free to contact my office at 936-539-7815.

Sincerely,

Mike Meador
Commissioner, Precinct 1

Re: Support for Transportation Improvement Program Request by the City of Conroe

Dear Mr. Clark,

I am pleased to offer this letter supporting the City of Conroe in their pursuit of funding through the 2018 Houston-Galveston Area Council Transportation Improvement Program (TIP). With the requested funding support, the City of Conroe plans to complete the following projects:

- FM 830 Widening
- FM 1314 Extension and Airport Road Widening
- Foster Drive Widening
- Pedestrian-Transit Access and Mobility Improvements
- Transit Fleet Maintenance Facility

I fully support the City of Conroe's pursuit of federal funding through the TIP program. These improvements are the culmination of a planning effort aimed at: reducing congestion and delay; improving vehicular and pedestrian safety, air quality, vehicular, pedestrian and transit connectivity, access to schools and state of good repair; increasing capacity; and/or generating economic benefit.

If I can further support these projects, then please feel free to contact my office at 936-539-7815.

Sincerely,

A handwritten signature in black ink that reads "Mike Meador".

RE: City of Conroe Sponsored TIP Application
(FM 830: Old Montgomery Road to SH 75)

Dear Mr. Clark,

Throughout the 2015-2018 Call for Projects application period, representatives from the City of Conroe and TxDOT have worked together to develop a strategy for the identification and submission of on-system highway projects that both entities have a vested interest in seeing implemented. One result of this process is that the City of Conroe has agreed to fund the preliminary engineering, design, and environmental work orders for the widening from two to four lanes of Farm to Market Road (FM) 830 from Old Montgomery Road to State Highway 75. This is the major east-west connector from Lake Conroe and will see a major development built adjacent to it by Hughes Corporation in the coming years. Additionally, Conroe has agreed to provide the local match component of this project. This agreement is part of a larger agreement in which TxDOT will be submitting applications for the widening of FM 3083 and FM 2954.

TxDOT is appreciative of this partnership opportunity and whole-heartedly supports this effort by the City of Conroe to sponsor these on-system roadway improvements.

Sincerely,

Michael W. Alford, P.E.
District Engineer
Houston District
